David,1986      **Strategic Management** Marc Deuster,2002-04-23 Inhaltsangabe Abstract The growing or at least steady stream of literature that has been published in recent years on the variety of issues known as strategic management both in the form of books and journal articles some of them more some less scientific is ample evidence of the interest the management community takes in the subject Likewise game theory has experienced a surge in popularity not only because the 1994 Nobel prize was awarded to JOHN HARSANYI JOHN NASH and REINHARD SELTEN for their contribution to the refinement of game theory but also with regard to the influence it has had on the social sciences during the last two decades primarily on economics but also on other fields such as psychology or political science Surprisingly however there is little if any literature available on the combination of game theory and strategic management even though game theory is concerned with finding solutions to strategic problems its terminology bargaining power cooperation etc also being very suggestive of applications to business strategy The consequent question then has to be is there a need to investigate the subject further and why might it be beneficial Strategy is a wide field and so is game theory Therefore the purpose of this essay cannot possibly be to explore the intricacies game theory has to offer nor can it be to investigate the depths of strategic management Rather it is to examine whether game theory can be fruitfully applied to the problems faced within strategic management In order to further narrow the topic down there are various angles from which to approach strategic management and game theory For instance one way might be to assume that underlying strategic management as an academic discipline are various fundamental questions which game theory is prepared to answer One such question is How do firms behave Alternatively one might view game theory as a set of tools assisting the strategist in finding practical solutions to specific problems within a strategic context Here one could think of Should we enter this particular market in order to challenge the incumbent firm or How can we deter our competitors from starting a price war

How should we organise the process of strategy formation and the like In this paper my emphasis will be on the latter approach in the style of Can game theory assist the general manager in coping with strategic issues arising from his daily
