E. H. STURTEVANT,1921 **Linguistic Change** Edgar Howard Sturtevant,1917 Lusosex Susan Canty Quinlan,Fernando Arenas, Some of the most compelling theoretical debates in the humanities today center on representations of sexuality This volume is the first to focus on the topic in particular the connections between nationhood sex and gender in the Lusophone or Portuguese speaking world Written by prominent scholars in Brazilian Portuguese and Lusophone African literary and cultural studies the essays range across multiple discourses and cultural expressions historical periods and theoretical approaches to offer a uniquely comprehensive perspective on the issues of sex and sexuality in the literature and culture of the Portuguese speaking world that extends from Portugal to Brazil to Angola Cape Verde and Mozambique Through the critical lenses of gay and lesbian studies queer theory postcolonial studies feminist theory and postmodern theory the authors consider the work of such influential literary figures as Clarice Lispector and Silviano Santiago An important aspect of the volume is the publication of a newly discovered and explicitly homoerotic poem by Fernando Pessoa published here for the first time in the original Portuguese and in English translation Chapters take up questions of queer performativity and activism female subjectivity and erotic desire the sexual customs of indigenous versus European Brazilians and the impact of popular music as represented by Caetano Veloso and others on interpretations of gender and sexuality Challenging static notions of sexualities within the Portuguese speaking world these essays expand our understanding of the multiplicity of differences and marginalized subjectivities that fall under the intersections of sexuality gender and race **Shakespeare and His Authors** William Leahy,2015-03-17 The Shakespeare Authorship question the question of who wrote Shakespeare s plays and who the man we know as Shakespeare was is a subject which fascinates millions of people the world over and can be seen as a major cultural phenomenon However much discussion of the question exists on the very margins of academia deemed by most Shakespearean academics as unimportant or indeed of interest only to conspiracy theorists Yet many academics find the Authorship question interesting and worthy of analysis in theoretical and philosophical terms This collection brings together leading literary and cultural critics to explore the Authorship question as a social cultural and even theological phenomenon and consider it in all its rich diversity and significance The Art of Verbal Warfare Rik Smits,2022-08-08 A funny and fascinating exploration of our reliance upon swear words insults and the

artfully placed expletive damn it We use salty or artful language to win arguments slander cheat and bully as well as to express feelings of joy or frustration by swearing or blowing off steam Rik Smits delves into the magic of oaths and profanity art and advertising the lure of fake news and propaganda as well as invective and off color jokes the world over This book shows why conversation dies in crowded elevators and what drives us to curse at our laptops The Art of Verbal Warfare is when all is said and done the story of how we can get through life without coming to physical blows *Secularizing the Sacred* John E. Webster, Ronald S. Laura, 2016-04-26 This book explores one of the great paradoxes of our era Western culture has almost imperceptibly come to secularize the sacred while at the same time sacralizing the secular The authors endeavor to show the debilitating effects that this paradox has had on the foundations of Christian worship with special reference to the history of worship and in particular the Presbyterian Church in Australia The authors show how the theological predilection for minimization has become inextricably woven into the fabric of what we call the theory of transformative subjugation which drives the rationale for religious secularization The book argues that it is necessary to consider a serious reconstruction of theological education in which its framework is located in a specific Christian theory of knowledge which engenders the Lordship of Christ and encourages a spirit of transformative love and connectedness It is only in this context that the theology of worship and the beauty and usefulness of liturgical forms can be appreciated

Manchu and Muscovite Bertram Lenox Putnam Weale, 1904 *The Forest of Taboos* Valerio Valeri, 2000 The Forest of Taboos may be considered among the most important books ever written by an anthropologist Valeri writes superbly and this book makes a fundamental contribution to one of the most central lines of thought in twentieth century anthropology He shows that taboo is finally comprehensible John Stephen Lansing University of Michigan The Forest of Taboos is no conventional ethnography more an extended meditative essay on its subject erudite rich in ideas and data wide ranging in its theoretical inspiration and self consciously literary in form It is a fitting memorial to an author whose life was so tragically cut short Roy Ellen University of Kent at Canterbury This eloquent and profound book completed by Valerio Valeri shortly before his death in 1998 contends that the ambivalence felt by all humans about sex death and eating other animals can be explained by a set of coordinated principles that are expressed in taboos In elegant prose Valeri evokes the world of the Huaulu forest hunters of Indonesia The hidden attractions of the animal world which invades the human world in perilous ways he shows also delineate that which the Huaulu regard as most human about themselves *General Report - Transvaal Education Department* Transvaal (South Africa).
