Swift S Angers:

Swift's Angers Claude Julien Rawson, 2014 Jonathan Swift's angers were all too real though Swift was temperamentally equivocal about their display Even in his most brilliant satire *A Tale of a Tub* the aggressive vitality of the narrative is designed for all the intensity of its sting never to lose its cool Yet Swift's angers are partly self-implicating since his own temperament was close to the things he attacked and behind his angers are deep self-divisions Though he regarded himself as English and despised the Irish natives over whom the English ruled Swift became the hero of an Irish independence he would not have desired In this magisterial account Claude Rawson widely considered the leading Swift scholar of our time brings together recent work as well as classic earlier discussions extensively revised offering fresh insights into Swift's bleak view of human nature his brilliant wit and the indignations and self-divisions of his writings and political activism *Swift's Angers* Claude Rawson, 2014-10-23 A study of the brilliant satirist and polemicist Jonathan Swift by one of the foremost scholars of our time **French Impressions The Loire Valley** George East, 2012-01-03 2nd in series of French Impressions unusual travel books *Reading Swift's Poetry* Daniel Cook, 2020-08-13 This book explicates Jonathan Swift's poetry reaffirming its prominence in competing literary traditions *Irish Expatriatism, Language and Literature* Michael O'Sullivan, 2018-09-22 This book examines how Irishness as national narrative is consistently understood from a distance Irish Presidents critics and media initiatives focus on how Irishness is a global resource chiefly informed by the experiences of an Irish diaspora predominantly working in English while also reminding Irish people at home that Irish is the national tongue In returning to some of Ireland's major expat writers and international diplomats this book examines the economic reasons for their migration the opportunities they gained by working abroad sometimes for the British Empire and their experiences of writing and governing in non-native English speaking communities such as China and Hong Kong It argues that their concerns about belonging loneliness the desire to buy a place back home and losing a language are shared by today's generation of social network expatriates **The Oxford Handbook of George Orwell**, 2025-02-02 The Oxford Handbook of George Orwell offers a wide-ranging reconsideration of Orwell's life and work focusing on the extensive connections between his novels essays diaries columns letters and reviews Accessible to general readers and to established scholars alike forty-eight chapters written by an international team of Orwell specialists address familiar topics such as Orwell's journalism broadcasting literary criticism and politics as well as less well-trodden areas of his output such as his accounts of stupidity kindness and justice and his connections with contemporaries like Jack Common Katharine Burdekin Wyndham Lewis and Victor Serge Sections on Orwell's professional activities his main literary influences his politics his intellectual fixations his literary contemporaries and his legacies structure the book which moves thematically and topically through the full scope of his output The first section looks at how Orwell spent his time as a writer reader and broadcaster Chapters on writers from Shakespeare to the modernists investigate the determinants of Orwell's literary practice The book

then turns to a set of political contexts in which Orwell's writing can be understood The Fixations section covers the familiar such as Orwell's account of Englishness and the unfamiliar such as his account of the absurd The fifth section relates Orwell to several politically minded contemporaries tracing connections and differences between their writing The final section of the Handbook reflects on how Orwell sounds through several literary and socio-political legacies and includes innovative considerations of feminism Afrofuturism and queer speculative fiction

Mediaeval Preachers and Mediaeval Preaching Rev. J. M. Neale D.D., Aeterna Press, The original groundwork of the following volume consisted of an article written by me in the Christian Remembrancer of July 1854 on the subject of mediæval preaching As some persons thought that it might serve as an introduction to a kind of ecclesiastical literature too little known and valued among us I was requested to expand the paper in question and to give extracts at greater length and in chronological order The chief difficulty was that of selection partly among so many authors principally between the various sermons of each author In the first place no notice will here be found of St Bernard because his super-eminent value and beauty would if any regard at all were to be paid to analogy have necessarily excluded the greater part of those writers from whom I wished to quote unless the volume had been swelled to an inconvenient and unreadable size Again many eminent men such as Peter the Venerable St Fulbert of Chartres Hugh of St Victor and others though we certainly have a few sermons of their writing yet in that particular species of composition claimed no such eminent place as to entitle them to stand in a selection of such narrow limits Where it was possible I have chosen British rather than foreign writers hence the name of Adam Scotus who would otherwise hardly have appeared in the volume

Uncultural Behavior Charles J-H Macdonald, 2006-10-31 Until recently the people of Kulbi Kenipaagan lived on the fringes of the modern world following traditional customs and beliefs practicing shifting agriculture and leading an outwardly peaceful existence in a remote corner of Palawan island Yet this small community basically indistinguishable in society and culture from its immediate neighbors to the north has one of the highest

rates of suicide in the world Why would the comparatively happy and well off inhabitants of Kulbi fall victim to despair Uncultural Behavior investigates the mystery of self inflicted death among this nonviolent and orderly people in the Southern Philippines To make sense of such a phenomenon Charles Macdonald probes the beliefs customs and general disposition of this Palawan people exploring how they live think behave and relate to one another Early chapters examine group formation and the spatialization of social ties material culture marriage and law providing an extensive ethnographic account of the Kulbi way of life The author offers insights into the spiritual world of the community and addresses the local theory of emotions and the words that supply the vocabulary and idiom of indigenous commentaries on suicide A well documented case study of a suicide and its aftermath gives readers an idea of how Kulbi people treat suicide and their conflicting views on the subject Following an analysis of statistical information the author presents five profiles bringing together motivations actors and circumstances He concludes by examining the perspectives of neurobiology and genetics as well as psychology sociology and history
