Many professional social workers, counselors and field placement students work in corrections and probation, forensic mental health, addictions treatment, juvenile justice, victim assistance and police social work settings. In the words of Dean Barbara W. White, former President, Council on Social Work Education and NASW, in her laudatory Foreword to this edition: "This groundbreaking book provides the necessary blueprints and guidelines for best practices with crime victims as well as juvenile and adult offenders in institutional, community based diversion and aftercare programs. This is the first all inclusive, authoritative, exceptionally well written volume on social policies and social work practices in both juvenile justice and criminal justice settings. and Youth Violence Report Great Britain: Home Office, 2012-11-27 This report follows on from last year's report published in November 2011 after the August riots. The Ending Gang and Youth Violence programme which came from the report was designed to provide peer support to the 29 areas across the country facing the biggest challenges in relation to youth violence and gangs. Ten million pounds of Home Office funding was re-prioritised for 2012-13 to help these areas build their capacity to respond effectively to their particular local issues. This programme built on the work already underway to reduce youth violence in three police force areas: London, Greater Manchester and the West Midlands under the Communities against Guns, Gangs and Knives programme. This report sets out the collective achievements since last November in terms of national cross-government policy and in terms of particular actions in local areas facilitated or otherwise supported by the frontline Ending Gang and Youth Violence team. It also looks at building on this success over the next year and beyond. Decisions about the support to local areas after April 2013 will be made in the context of Government budgetary considerations following the Chancellor's statement in December. The report looks at making it happen locally: partnership working and information sharing, youth violence and health, the Criminal Justice response, women, girls and gangs, and understanding what works. There is also a summary of actions set out in this report.
