district and how parents and other adults can navigate the schools policies barriers and responsibilities She argues that children should not be subjected to bullying OR sexual harassment that it is the school s responsibility to make the harassment or bullying stop and that parents and other caring adults often need to be involved and advocate for the child even against resistance from those in the school system Throughout the book the author uses examples of actual cases that have made it to the courts and have been precedent setting and cases in which she has been involved as an expert witness or as a consultant Resources for readers are also provided at the end of the book **Poisonous Tales** Hilary
