crime solving programs such as CSI Crime Scene Investigation Crossing Law Order SUV and Medium many of which were also broadcast on CBS Given this context the immediate task for Criminal Minds the latest newcomer to the television crime scene investigation craze was to somehow set itself apart from the crowd To accomplish this the show relied on both its cast of actors and its focus on psychological profiling MEET THE AUTHOR Charles Limley is a native of Colorado After earning bachelor s degrees in both English Literature and Humanities from the University of Colorado Boulder he entered the world of professional writing He began his work with Hyperink during the fall of 2011 In addition to writing Limley is an avid reader He also loves bicycles and has completed several long distance bicycle tours EXCERPT FROM THE BOOK In portraying these crimes each episode of Criminal Minds becomes its own mini narrative placed within a larger overall story in which the BAU team works together to become not only a professional team but a personal team as well As the season unfolds characters personal struggles fears and doubts are revealed and as they are teammates must figure out how best to help each other In this way the members of the BAU team are constantly focused on providing relief and help to those in need despite being surrounded by a world of deranged senseless and bloody killings This fundamental theme is attested to by Agent Gideon in episode 6 L D S K when he reminds Agent Reid that for a psychological profiler the most effective weapon is the ability to empathize to humanize an unsub s victim TV com Criminal Minds Episode Guide Gideon tells Reid that only by reversing the dehumanizing effects of crime and murder returning to the victims their dignity and worth as individuals can an effective and accurate profile of the perpetrator be constructed Thus solving crimes and arresting serial killers is ultimately an act of recognizing and maintaining the value inherent in each individual victim Buy a copy to keep reading
