Parents' Involvement in Education Obiefuna J. Onwughalu,2011-07-16 The Igbo community in Chicago is a newer immigrant community compared to the German Polish Italian or Irish communities Just as for these older immigrant communities education is essential for Igbo immigrants who have come to start a new life in the United States Adapting well and thriving in the new environment requires immigrants to tread the path of education The

number of Igbo children and other such immigrants is increasing The way they are educated is important not only to the individual child but also to society Igbo children are enrolled in both public and private schools in the Chicago metropolitan area Ka umu anyi wee karia anyi So that our children will be more successful than us is one of the many reasons Igbo families in Chicago are involved in the education of their children Education of children occurs in the home the school and the community This study seeks to understand the nature of parental engagement of Igbo families in Chicago in the education of their children Not all immigrants are the same Knowing about Igbo experiences will enable scholars and educators to recognize both similarities with and differences from other immigrant communities It is immaterial whether their kind of involvement fits the prescribed or standardized form of parental involvement in the literature or in practice elsewhere The crucial question is given their circumstances are Igbo parents perceptions and practices of parental involvement promoting the education of their children in Chicago

The Book of all 20 Methodologies to Improve and Profit from Customer Experience and Service Heverton Anunciação, 2023-12-04 In the past medicine worked like this a patient looked for a doctor who evaluated him carefully After the evaluation the doctor said to the patient Are you willing to abandon everything that has made you sick so far Only then do I accept to be your doctor Now I ask you Is your company willing to abandon all the bad processes and bad strategies that have given your customers a bad experience The big problem is that in many cases we look for doctors pharmacists and software resellers and what they want most is to recommend medicines and CRM systems for a temporary cure or imaginary cure to serve the media or advertising What's wrong with that It is that in the customer service sector the side effect is worse
