

A 500-Word Essay Introduction Example

The Great Depression hit America like a whirlwind during the 1930'. It hit with a force like no other. Its' impact was nothing short of devastating in all aspects of American life. This was a time of extreme poverty, unemployment, homelessness and overall social unrest. Every American in every town and city was greatly impacted by the crash of the stock market which in turn led to a complete nose dive of the economy. This prompted an increased number of women to pursue new avenues of education and employment. The progress that the American women made during the great depression was significant in both the political and public realms. During the era of Roosevelt, this was underliably evident. This era afforded women the opportunity for high levels of advancement and the opportunity to gain and hold important posts in the administration. During the great depression, women gained a new dignity and social status.
