

STARCRAFT: THE MOST IMITATED CAMPER

Someday other campers may have the features this Starcraft has today.
Because there are 13 years of engineering triumphs
behind our Stardust Swinger. Innovations Starcraft pioneered.

IN 1963 we invented the crank-up top. So easy that a single crank is all you need to turn to raise the roof and set the walls. A lot of other campers copied it.

IN 1973 we came up with our swing-out galley. Turns with a touch so the cook can join in the fun outside. Or cook in comfortable protection when it's cold or wet. There are some imitations, but none as good as ours.

IN 1975 we introduced stain-resistant Herculon® fabrics. Now other campers use them, too. That same year we started using fire-retardant materials. Today they're required by law.

FOR 1976 we pulled out all the stops. Added a host of new conveniences. Made a lot of good things even better. The bunks in most Starcraft campers, for example, are 6" wider than they used to be. 54" by 72". We curved the roofs to help the rain run off — and lift the head-

room just a bit. We put in circuit breakers instead of fuses. Added an automotive-type suspension. Goodyear tires. And subdivided the canvas walls with heavy zippers. So replacing a damaged section is easier and cheaper.

Improved Swing-out Galley

We even added another motion to our swing-out galley. Made it swing up and down, as well. So the coun-

ter top can be lifted to the proper working height inside.

And, of course, we kept past year's conveniences. Like space in this Stardust Swinger for 1000 lbs. of extra cargo. A 75 lb. icebox. And a big dinette with room for six.

Because, free, with this year's Stardust Swinger you get everything we've ever learned about building campers. And we've built more than anyone else on earth.
