Why online marketing is such a powerful tool to promote your business. Marcelo Gameiro, A school of thought advocates that the quality of the products and services offered is the most singular factor necessary for a business to advance its prospects The proponents of this approach believe that once the quality of goods and services is top notch the client will be happy They advocate that a satisfied customer will return to order for more of such services or goods While that may be true a novel emerging approach notes that although the quality of products and services is crucial it is not enough to keep a business floating A business grows develops and becomes profitable as its revenue base expands A satisfied customer will come back but with marketing strategies in place one happy customer can reach and persuade 50 others Thus excellent quality must go hand in hand with an efficient marketing system to boost a business by creating a wide range of customer outreach In this book you can find the best guide to take advantage of one of the most efficient and cheaper ways of doing marketing today Why marketing is the heart of your business and where is the best vehicle to do marketing today Why online marketing is the most efficient way of doing marketing today Why online marketing efforts last longer than others methods How can you put your business online for free and other methods too
