The Insider William Kelbaugh, 2005-05-12. The Insider takes you where most people have never been or are likely to go. And many of those who ventured in, drawn by the images and perks of new cars, big money, and the mystic of the profession, don't manage to survive. It takes you inside the automobile industry. Why? Because if you know how cars are sold, you'll know how to buy them, and I left no stone unturned. There is no other single book in the world with all the inside information on the details of buying and selling cars. It is without a doubt the most comprehensive source you'll find covering the keys to dealer advertising, the tools and traps of selling, how to read, use, and understand window stickers, bump labels, and buyers guides, how to figure payments in seconds, how salesmen type, what kind of buyer you are, how salesmen are trained, how to negotiate, fast and easy and more. If it's not in here, it's not worth knowing. No longer does the experience of buying a car have to be only moderately better than going to the dentist. With The Insider, you'll save time and money and buy all your cars with confidence because now you can work with salesmen instead of dealing with them.
