Teacher So, the next thing is to decide which charity we are going to choose to raise money for this year. I know we have a few suggestions to choose from. Jill, could you give us your opinion first, please?

Jill Well, my view is that we should choose a smaller charity because then more of the money will go to the people who need it.

Teacher Er, could you explain what you mean?

Jill Well, the really big charities, like International Aid, spend so much money on advertising and so on that a lot less of the money actually goes to the people who need it.

Steve If I can just say something? Jill, I do understand that point of view, but I think because bigger charities have more people who give to them regularly, they actually usually spend a smaller proportion of their money on advertising, not more.

Jill But charities like International Aid and Disaster Relief have huge advertising campaigns. How can they spend less? I don't understand. Can you explain that again?

Steve They don't spend less money than a smaller charity, like the Youth Sports Foundation, but they spend a smaller proportion of their money. A smaller charity might spend, say a third of the money they get on advertising, a bigger one might only spend a tenth.

Jill Ah, that makes sense to me now. But, for me, I still think a smaller charity might be better. Something which relates directly to our lives. The Youth Sports Foundation is a good example. They do a lot of good work getting young people to be healthier and more active.

Steve I see where you're coming from, but do we have to limit it to young people? If you want to focus on health, what about the Heart Health Foundation? They really helped my dad when he had a heart problem, and it would be great to give them something back.

Teacher I think we need to consider what will be a popular charity to raise money for. We all have our personal favourites, but which one will appeal to the most people?
