UPNHM CHO AIIMS BHU DSSSB Study Material Solved Papers *Never Give Up* Sharon A. Schwille, 2016-04-01 *Never Give Up* is an amazing true story. It is a case study of an experienced elementary school teacher who was motivated to change her teaching practices from teacher centered transmission approaches to student centered transformational approaches in the context of a Professional Development School. You would think she would have accomplished her goal with support from the PDS participants in a year or two. Instead she spent seven years encountering struggles, setbacks and occasionally small triumphs until she achieved bone deep change in her teaching practices. What was she aiming for and why did it take so long? How did she finally achieve her goals? This book is about her journey of change. On one level this is a story of a teacher as she struggles to change her teaching practice in ways that center on children's learning rather than on teacher centered rote learning. On a deeper level it is a look at how innovative reform movements and wellmeaning professional development efforts fall short of bringing about deep seated change in teaching methods. It raises weighty questions such as how teacher preparation programs should begin the process of instilling habits of exploration, experimentation, research and learning in their pre service teachers so that they continuously work at updating and upgrading their teaching practices. It is a message to curriculum developers, policy makers and the public at large that lasting teacher professional development takes more time and support than the more immediate workshop approaches. It raises many questions about how teachers learn and how they can keep their practices fresh and innovative throughout their careers. A study guide designed to elicit deep thought and discussion of the many issues raised by this story accompanies the book. The book and study guide are a valuable supplemental text for courses addressing teacher learning, professional development, workplace learning, teacher change, constructivist teaching practices, mentoring, educational administration and educational policy. The study guide is also a tool to stimulate discussion among groups of readers such as pre service and practicing teachers, school and district administrators, educational policy makers and the public at large who are interested in educational reform. *Ireland and the Magdalene Laundries* Claire McGettrick, Katherine O'Donnell, Maeve O'Rourke, James M. Smith, Mari Steed, 2021-08-12 Between 1922 and 1996 over 10 000 girls and women were imprisoned in Magdalene Laundries including those considered promiscuous, a burden to their families or the state, those who had been sexually abused or raised in the care of the Church and State and unmarried mothers. These girls and women were subjected to forced labour as well as psychological and physical maltreatment. Using the Irish State's own report into the Magdalene institutions as well as testimonies from survivors and independent witnesses, this book gives a detailed account of life behind the high walls of Ireland's Magdalene institutions. The book offers an overview of the social, cultural and political contexts of institutional survivor activism, the Irish State's response culminating in the McAleese Report and the formation of the Justice for Magdalenes campaign, a volunteer run survivor advocacy group. Ireland and the Magdalene Laundries documents the ongoing work carried out by the Justice for Magdalenes group in advancing public knowledge and research into Magdalene Laundries and how the Irish State continues

to evade its responsibilities not just to survivors of the Magdalenes but also in providing a truthful account of what happened Drawing from a variety of primary sources this book reveals the fundamental flaws in the state s investigation and how the treatment of the burials exhumation and cremation of former Magdalene women remains a deeply troubling issue today emblematic of the system of torture and studious official neglect in which the Magdalene women lived their lives The Authors are donating all royalties in the name of the women who were held in the Magdalenes to EPIC Empowering People in Care
