Unit 8: WWII: 1939-1945

1. **Franklin D. Roosevelt's Administration:** President from 1933-1945. He was responsible for reactivating agricultural production, restoring confidence in U.S. banks, creating new jobs, and he created deficit spending. He did NOT nationalize any industries.
2. **"Good Neighbor Policy":** It was FDR's foreign policy toward Latin America. Its main principle was that of non-intervention and non-interference in the domestic affairs of Latin America. It also reinforced the idea that the United States would be a "good neighbor" and engage in reciprocal exchange with Latin American countries.
3. **"Quarantine Speech"** A 1937 speech in which FDR warned the U.S. about Japanese aggression in the Pacific. FDR wanted to contain (quarantine) Japanese influence over the Pacific. Yet, Americans still steadfastly committed to isolationism.
4. **The Neutrality Acts:** A series of laws enacted in 1935-37 to prevent U.S. arms sales and loans to nations at war.
5. **The Cash and Carry Provision:** which would permit nations to buy American arms if they paid in cash and carried the goods home on their own ships. Export of war materials from American ships were prohibited from entering war zones or traveling on belligerent ships.
6. **Lend-Lease Act:** A law enacted in 1941 that promised to lend or lease arms and other supplies without immediate payment to nations fighting the Axis powers. The purpose of these acts was to provide military supplies to the Allied Powers.
7. **Atlantic Charter:** A 1941 declaration of principles in which the United States and Great Britain set forth their goals in opposing the Axis Powers.
8. **The America First Committee:** Supporters such as Senator Bill Nye and Charles Lindbergh urged America to remain neutral during WWII.
9. **Selective Service System:** FDR initiated the first-ever peacetime draft in September 1940 which required all American men aged 21 to 35 and many were called for one year of military training.
10. **WWII:** This war was fought in Europe from 1939-1945. The U.S. entered the conflict in December 1941 due to Pearl Harbor.

Writings on American History, 1922 *Annual Report of the American Historical Association* American Historical Association, 1922 The Semester Review, 1981 **The History Lesson** Amy Mangan, 2022-08-04 Liz Truman is in trouble. She is an untenured faculty member at Littleton College whose future is in the hands of a college vice president with a grudge. Her mother teetering on emotional collapse since the death of Liz's beloved father and college president is a constant source of irritation to Liz whom her mother calls the last living single woman in Hattaloochee, Alabama. Liz is developing a growing list of detractors. As anonymous hate letters begin to arrive to her office, Liz unleashes a series of events that exposes the ironies of academia, small towns, and southern traditions. Brimming with humor and intrigue with a vivid cast of characters, *The History Lesson* frames universal lessons of grief, loyalty, and perseverance into one history professor's endeavor to reconcile the past with her future.

Historical Outlook, 1918 **5 Steps to a 5 AP U.S. History** Stephen Armstrong, 2003-09-22 An exciting new series of study guides that lets each student design a course of study pitched to his or her individual needs and learning style. Each year more than one million U.S. high school students take one or more advanced placement AP exams, and according to official projections that number will continue to rise in the years ahead. That is because AP exams confer important benefits on those who do well on them. High AP scores are indispensable to gaining admission to most elite colleges. They provide students with a competitive edge when competing for grants and scholarships. And they allow students to bypass required university survey courses, saving on skyrocketing tuition fees. Designed to coincide perfectly with the most current AP exams, *Five Steps to a 5 on the Advanced Placement Examinations* guides contain several advanced features that set them above all competitors. Each guide is structured around an ingenious Five Step Plan. The first step is to develop a study plan; the second builds knowledge; the third and fourth hone test-taking skills and strategies; and the fifth fosters the confidence students need to ace the tests. This flexible study tool is also tailored to three types of students. For the more structured student, there is a Month by Month approach that follows the school year and a Calendar Countdown approach that begins with the new year. For students who leave studying to the last minute, Basic Training covers the basics in just four weeks. Other outstanding features include Sample tests that closely simulate real exams; Review material based on the contents of the most recent tests; Icons highlighting important facts, vocabulary, and frequently asked questions; Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors; Websites and links to valuable online test resources along with author e-mail addresses for students with follow-up questions. Authors who are either AP course instructors or exam developers.
