Springboard Math Pacing Guide:

Content-Based Curriculum for High-Ability Learners Joyce VanTassel-Baska, Catherine A. Little, 2021-09-03 Content Based Curriculum for High Ability Learners 3rd ed provides a solid introduction to core elements of curriculum development in gifted education and implications for school based implementation Written by experts in the field this text uses cutting edge design techniques and aligns core content with national and state standards In addition to revised chapters the third edition contains new chapters on topics including special populations of gifted learners critical thinking leadership and university level honors curriculum The text identifies fundamental principles of curriculum that support advanced and high potential learners accelerated learning within the core content areas use of higher order processes and products and concept development These emphases form threads across chapters in core content areas including language arts mathematics science social studies world languages and the arts Additional chapters explore structures to support implementation including alignment with standards assessment of learning counseling and promoting exemplary teacher practice through professional development

Creativity as Progressive Pedagogy: Examinations Into Culture, Performance, and Challenges Raj, Ambika Gopal, 2021-11-12 In every era global progressive thinkers have used creativity as a means for cultural reformation and social justice in response to oppressive regimes For example theater cartoons social art film and other forms of representative arts have always been used as critical instigation to create agency or critical commentary on current affairs In the education sector teachers in schools often say one of two things they are not creative or that they don't have the time to be creative given the curricular demands and administrative mandates that they are required to follow Each day educators are working to find exceptionally creative ways to engage their students with limited resources and supplies and this becomes even more of a challenge during turbulent times Creativity as Progressive Pedagogy Examinations Into Culture Performance and Challenges primarily focuses on pedagogical creativity and culture as related to various aspects of social justice and identity This book presents experience based content and showcases the necessity for pedagogical creativity to give students agency and the connections between cultural sensitivity and creativity Covering topics such as the social capital gap digital spaces and underprivileged students this book is an indispensable resource for educators in both K 12 and higher education administrators researchers faculty policymakers leaders in education pre service teachers and academicians

Perkins Activity and Resource Guide - Chapter 4: Functional Academics Mary Jane Clark, 2013-09-26 This chapter is designed to address the needs of individuals with visual and multiple disabilities who may not be able to follow all parts of a traditional academic curriculum As educators our primary goal should be to provide students with skills that will be of use throughout their lives Skill acquisition often takes longer for students with multiple

disabilities and they are not always able to generalize them into other settings For this reason it is important to identify skills that will help prepare students to lead the most independent lives possible and to provide many opportunities to practice them
