Spirit Word Community Theological Hermeneutics In Trinitarian Perspective:

Spirit, Word, Community Amos Yong, 2006-01-31 The main thesis of Spirit Word Community is that Christian theological reflection in a postmodern world starts with the experience of the Holy Spirit but is at the same time post foundationalist in terms of being formed by the word and being adjudicated by various communities of interpretation Yet the book's hermeneutical and methodological proposals are not merely prolegomena to theology but already involve and assume theologically substantive claims derived from a pneumatological point of view Hence this is a pneumatological theology which illuminates the hermeneutical process precisely by showing how the Holy Spirit engages the human imagination to empower liberative practices in a world that remains graced by her presence and activity Spirit Word Community is meant in each of these senses to be a contribution to the formulation of a comprehensive theology of the Third Article for the twenty first century Spirit-Word-Community Professor of Theology and Mission and Director Amos Yong, PH.D., This title was first published in 2002 How does one go about doing Christian theology Yong explores this question by proposing a pneumatological trinitarian hermeneutic Its thesis is that interpretation and theological method is an ongoing dialogue of Spirit Word Community of interpretive subjects as imaginative obligated and relational agents of the horizons of the interpreter the biblical and ecclesial traditions and the world and of founding historical and ongoing communities of faith and inquiry Ecumenical perspectives on the topics of pneumatology the doctrine of the Spirit metaphysics foundational pneumatology epistemology the pneumatological imagination and trinitarian theology converge in this book to move forward the present discussion of theological method **Theological Hermeneutics in the Classical Pentecostal Tradition** L. William Oliverio, 2012-08-01 In *Theological Hermeneutics in the Classical Pentecostal Tradition* L. William Oliverio Jr accounts for the development of Classical Pentecostal theological hermeneutics through four hermeneutical types and concludes with a philosophical basis for future Pentecostal theological hermeneutics within the contours of a hermeneutical realism

Mere Christian Hermeneutics Kevin J. Vanhoozer, 2024-10-01 Southwestern Journal of Theology 2024 Book of The Year Christianity Today 2024 Theology Book Award The Gospel Coalition 2024 Biblical Studies Book Award Reading the Bible to the glory of God In 1952 C. S. Lewis's *Mere Christianity* eloquently defined the essential tenets of the Christian faith With the rise of fractured individualism that continues to split the church this approach is more important now than ever before for biblical hermeneutics Many Christians wonder how to read the text of Scripture well rightly and faithfully After all developing a strong theory of interpretation has always been presented by two enormous challenges A variety of actual interpretations of the Bible even within the context of a single community of believers The plurality of reading cultures denominational disciplinary historical and global interpretive communities each with its own frame of reference In response influential theologian Kevin J. Vanhoozer puts forth a mere Christian hermeneutic essential principles for reading the Bible as Scripture everywhere at all times and by all Christians To center his thought Vanhoozer turns to the accounts of Jesus

transfiguration a key moment in the broader economy of God's revelation to suggest that spiritual or figural interpretation is not a denial or distortion of the literal sense but rather its glorification. Irenic without resorting to bland ecumenical tolerance. Mere Christian Hermeneutics is a powerful and convincing call for both church and academy to develop reading cultures that enable and sustain the kind of unity and diversity that a mere Christian hermeneutic should call for and encourage.

Hermeneutical Community C. S. Barefoot, 2024-12-23 Many Western initiatives exist for theological development in the majority world but how often do practitioners from the West pause to examine the role they should play in that endeavor. Missions history and church history have revealed inadequacies of imposing foreign theology on local churches yet the alternative of withdrawing from local theological development appears equally problematic. If therefore the outsider's role is neither to impose theology nor withdraw from the task then what is his or her role. Hermeneutical Community addresses this fundamental question and seeks to lay a sound missiological foundation for local theological development. *The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today* Anthony C. Thiselton, 2013-06 The book is divided into three parts. Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah. Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards. Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher, Barth and Moltmann as well as biblical scholars such as James D G Dunn, Gordon Fee and Gerd Theissen. Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements. **The Routledge**

Handbook of Pentecostal Theology Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements. Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions. Addressing this gap in current research, *The Routledge Handbook of Pentecostal Theology* is an exceptional reference source to the key topics, challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject. Comprising over forty chapters written by a team of international contributors, the Handbook is divided into five parts: Contextualizing Pentecostal Theology, Sources, Theological Method, Doctrines and Practices, Conversations and Challenges. These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith. Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism, divine healing or eschatology, unique practices such as spiritual warfare and worship, and less discussed issues such as social justice and gender, each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement. *The Routledge Handbook of Pentecostal Theology* is

essential reading for students and researchers in Pentecostal Studies World Christianity and Theology as well as scholars working in contemporary Religious Studies **The Azusa Street Revival and Its Legacy** Harold D. Hunter, Cecil M. Robeck, 2009-11-01 In 1906 at 312 Azusa Street in Los Angeles a revival began that set in motion a global movement that has affected half a billion people In *The Azusa Street Revival and Its Legacy* twenty writers representing the international scholarship of the Pentecostal Charismatic and Renewal communities reflect on the significance of the movement now and for the future *Signs in the Dust* Nathan Lyons, 2019-02-28 Modern thought is characterized by a dichotomy of meaningful culture and unmeaning nature *Signs in the Dust* uses medieval semiotics to develop a new theory of nature and culture that resists this familiar picture of things Through readings of Thomas Aquinas Nicholas of Cusa and John Poincaré John of St Thomas it offers a semiotic analysis of human culture in both its anthropological breadth as an enterprise of creaturely sign making and its theological height as a finite participation in the Trinity which can be understood as an absolute cultural nature *Signs in the Dust* then extends this account of human culture backwards into the natural depth of biological and physical nature It puts the biosemiotics of its medieval sources along with Félix Ravaisson's philosophy of habit into dialogue with the Extended Evolutionary Synthesis that is emerging in contemporary biology to show how all living things participate in semiosis so that that a cultural dimension is present through the whole order of nature and the whole of natural history It also retrieves Aquinas doctrine of intentions in the medium to show how signification can be attributed in a diminished way to even inanimate nature with the ontological implication that being as such should be reconceived in semiotic terms The phenomena of human culture are therefore to be understood not as breaks with a meaningless nature but instead as heightenings and deepenings of natural movements of meaning that long precede and far exceed us Against the modern divorce of nature and culture *Signs in the Dust* argues that culture is natural and nature is cultural through and through
