Oreille County in the state of Washington was shot to death A lawman had been killed yet there seemed to be no uproar no
major investigation No suspect was brought to trial More than fifty years later the sheriff of Pend Oreille County Tony
Bamonte in pursuit of both justice and a master s degree in history dug into the files of the Conniff case by then the oldest
open murder case in the United States Gradually what started out as an intellectual exercise became an obsession as
Bamonte asked questions that unfolded layer upon layer of unsavory detail In Timothy Egan s vivid account which reads like
a thriller we follow Bamonte as his investigation plunges him back in time to the Depression era of rampant black market
crime and police corruption We see how the suppressed reports he uncovers and the ambiguous answers his questions evoke
lead him to the murder weapon missing for half a century and then to the man an ex cop he is convinced was the murderer
Bamonte himself a logger s son and a Vietnam veteran had joined the Spokane police force in the late 1960s a time when
increasingly enlightened and educated police departments across the country were shaking off the dirty cop stigma But as he
got closer to actually solving the crime questioning elderly retired members of the force he found himself more and more
isolated shut out by tight lipped hostility and made dramatically aware of the fraternal sin he had committed breaking the
