Annual Report - Comptroller General of the United States United States. General Accounting Office, 1972 **IT Outsourcing - An introduction** Guus Delen, 2020-06-11 Note This book is available in several languages Dutch English The globalization and development of the network society meant that extensive IT outsourcing activity was inevitable At first the main reason was cost reduction but today's organizations have to do offshore outsourcing for other reasons as well However outsourcing is no simple task and practical guidance based on extensive experience can be hard to find A number of companies have invested heavily in continually refining their outsourcing skills to achieve best practice This book takes their valuable experience and expertise and now makes it available to a much larger audience What's more this Best Practice is so important that it has been developed into courseware and training dedicated to those who need to make outsourcing work The PON Platform Outsourcing Netherlands provides courses on the Basics of Sourcing for their members and this book represents the most important aspects of these The course trainers are all experts from organizations connected to PON and their detailed course notes and skills have all contributed to this unique title This ground breaking text is also suitable as a manual for college students in their third year specially students in Informatics Management Science Law and Human Resource Management A passing knowledge of ITIL and or ISO IEC 20000 is helpful to readers **Newsletter** , 2004

New Ways of Doing Business Mark A. Abramson, Ann M. Kieffaber, 2003 In their introduction the editors of New Ways of Doing Business assert that in retrospect it will be apparent that today's government that of the early years of the 21st century was undergoing its most significant transformation since the decade of the 1930s when direct government delivered services grew significantly as part of the New Deal This newest volume in the IBM Endowment for the Business of Government series is an invaluable guide to navigating the sometimes controversial changes taking place in the internal operations of government the delivery of services to citizens and the delivery of environmental programs Possibly the most monumental change taking place in our modern government is the lessening allegiance to the old model of in house in departmental performance of tasks The new model asks how and by whom can the tasks of government best be performed The answer sometimes lies with another inter governmental department leading to an in house atmosphere of healthy competition and entrepreneurship and sometimes with outside contractors New Ways of Doing Business provides descriptions and guidelines for successfully navigating management under the new model There are also dramatic new ways in which services to the public can now be delivered via the Internet via contracts with private organizations and via faith based initiatives and business improvement districts Experts provide valuable checklists and guidelines and case studies exploring the merits and disadvantages of these new service delivery routes Finally New Ways of Doing Business explores what the editors call one of the most highly experimental policy arenas in government that of the delivery of environmental programs The authors of these articles explain via case study analysis many of the innovative programs currently in existence and postulate that the traditional command and control stance of government to businesses will be superseded by a flexibility that will allow for incre
