W Anton The Manual What Women Want:

The Manual W. Anton, 2010 Describes what women seek in a man and the steps a man needs to take to win women over

Summary of W. Anton's The Manual Everest Media, 2022-06-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Attraction is one of the primal emotions that has helped humanity survive and reproduce It is triggered in our bodies in the same way as other primal emotions such as hunger fatigue and fear We feel it in specific circumstances and we are powerless to convince ourselves not to feel it 2 The two major forces that shape males and females differently are nature and nurture Nature is the obvious biological difference between the sexes and nurture is the more elusive difference in socialization that starts to affect us from the moment we leave the womb 3 The words beautiful and attractive can only be used as synonyms when discussing the physical traits that show suitability for motherhood They are not universal synonyms and cannot be used interchangeably when discussing the attractiveness of males 4 The way attraction works is different between males and females Males are attracted to traits in females that females do not care about and females are attracted to traits in males that males don't care about Art of Living Other People's Lives Greg
