Transforming the James River in Richmond Ralph

Hambrick ,2020 The James River is the centerpiece of Richmond but by the mid twentieth century it had been abused and neglected Eagles and sturgeon had nearly disappeared water powered industry was abandoning it and the river was a sewer Today the river draws visitors to its wooded shorelines restored canal and feisty rapids At the local level this transformation was the result of citizen action public private partnerships difficult decisions by governmental leaders and the hard work of thousands of passionate advocates and volunteers Local author and lifelong river watcher Ralph Hambrick chronicles the events projects and controversies that brought about the dramatic change and lends a critical eye to the results *Spooky*

Journey Down Riverside Drive the Night of the Full Moon Aunt MaryAnn,2010-04-01 What mysterious adventure awaits Aunt MaryAnn and her nephews Freddie and Matt They haven t a clue about the strange encounter that lay ahead of them as they prepare for a riverside journey one summer evening It would be a night they would always chillingly remember with plenty of doubt in their minds What were they about to discover in the forests of northern Michigan that they would have to bear the rest of their lives Travel with them down spooky Riverside Drive and find out if werewolves really do exist YOU determine if there is any truth in the old legend that men turn to beasts when the moon is full Telling Environmental Histories Katie

Holmes,Heather Goodall,2017-12-12 This collection explores the intersections of oral history and environmental history Oral history offers environmental historians the opportunity to understand the ways people s perceptions experiences and beliefs about environments change over time In turn the insights of environmental history challenge oral historians to think more critically about the ways an active more than human world shapes experiences and people The integration of these approaches enables us to more fully and critically understand the ways cultural and individual memory and experience shapes human interactions with the more than human world just as it enables us to identify the ways human memory identity and experience is moulded by the landscapes and environments in which people live and labour It includes contributions from Australia India the UK Canada and the USA *New York Offbeat Walks* Stephen Millar,2023-03-10 This is NOT your

Flannery O'Connor's Manhattan Katheryn Krotzer Laborde, 2024-08-20 This book offers a unique twist to the Who's Who of midcentury writers editors and artists Much is made of Flannery O'Connor's life on the Georgia dairy farm Andalusia a rural setting that clearly influenced her writing But before she lived on that farm before she showed signs of having lupus before she became dependent on her mother and then succumbed to the disease at thirty nine O'Connor lived in the northeast She stayed at the artists colony Yaddo in 1948 and early 1949 and lived in Connecticut with good friends from fall of 1949 through all of 1950 But in between those experiences and perhaps more importantly O'Connor lived in Manhattan In her biographies little is said of her time in Gotham in some sources this period gets no more than one sentence But little is said because little has been known In Flannery O'Connor's Manhattan the author's goal is to explore New York City from O'Connor's point of view To do this the author consults not just letters both unpublished and published and biography but five personal address books housed in Emory's Stuart A Rose Manuscript Archives and Rare Book Library The result is a book of interest to both the O'Connor fan and the O'Connor scholar not to mention those interested in midcentury Manhattan Flannery O'Connor's Manhattan is part guide to the who was who and who lived where of New York from roughly 1948 to 1964 at least those as they mattered to O'Connor It also acts as a window to the writer's experiences in the city whether she was coming into town for a series of meetings or strolling down Broadway on her way to lunch In the end it is the combination of the who she knew and the what she did that formed O'Connor's personal view of what is arguably the most famous of American cities
