Walking Like Einstein The Greatest Spiritual Find Of Our Time:

Walking Like Einstein Scott Taylor,2014-11-19 Albert Einstein is perhaps the missing link between science and religion He believed in God but through scientific research and mathematics he discovered that the world in which we live is not what it seems Without intending to do so he discovered an error in one of the major cornerstones of science He discovered the truth about time and the error of evolutionary theory but it was too late The scientific community was already committed and nature would have to take its course Ironically history continued to be taught as evolving while many brilliant minds could not The information was suppressed During that time the world seemed to enter into a period of chaos world wars and social uprisings The underpinnings of institutions were overrun and liberated in the name of freedom Peace love and rock n roll took center stage forming a new foundation and direction for world events The clash between old world thinking and the modern world continues Meanwhile my own story was also unfolding From a non religious simple childhood I came to discover an error in the history of the early Christian church It is this error coupled with Einstein s discovery which makes for the greatest spiritual find of our time Together they mark the end of the age the end of times **Finding Yourself in**

Chaos James R. Newby,Mark Minear,2022-08-23 The blessings and burdens that come with a life in ministry and religious leadership present complex situations and personal struggles that left unaddressed can lead to burn out and a loss of vocational conviction A minister s spiritual and mental wellbeing is an essential part of them being an effective servant of God so it s important that they be supported and equipped to handle the chaos that modern life brings Recognizing and embracing the transitional pain of life events like divorce retirement the death of family member authors James R Newby and Mark Minear guide readers through a plan of action focused on self discovery and renewal of spirit This book speaks to ministers in local churches who are questioning themselves in transition and are experiencing chaos and who still want to be effective ministers It is also for congregational leaders and denominational leaders who would like to understand both the perils and possibilities of the chaos some of the religious leaders under their care and jurisdiction are experiencing **The**

Other Side of the River Alf Dumont,2020-06-01 Alf Dumont s powerful memoir offers a fresh perspective on identity and belonging in Canada Alf walks between the two worlds of Indigenous and settler traditional spirituality and Christianity Through stories poetry and insight he shares about his life of building bridges between these worlds encouraging all people to sit down together again Includes foreword by The Very Rev Dr Stanley McKay Former United Church of Canada Moderator Includes black and white photos throughout *Guinea Pigs of the New World Order* JOACHIM

ONYEAKOR,2012-11-12 The author believes that those labelled as blacks in the world are the greatest victims of racial discrimination and will be highly victimised as the New World Government takes full force According to the author racism is not a problem as humans seem to have evolved with some seemingly physical differences resulting in different races but the main problem is racial discrimination which has resulted in series of racially driven ugliness that people of colour most

especially blacks face in the world in these present times including the treatment they shall receive from the New World Government The African continent harbours this breed of humans called blacks and many studies have been undertaken to prove whether African natives are inferior in intelligence therefore incapable of higher thoughts and higher arts The author begs to disagree hence race has nothing to do with human intelligence and the reasons why there is insignificant human development in Africa according to the author are human slavery which happened in the past which was a plot to use African natives as human machines forced dominance which resulted in land seizures in some part of Africa and colonial invasion which was a plot to acquire land and natural resources and not to help Africa as the imperialists conspiracy propagandists want all to believe Colonialism came with religious tools enforced with guns and brute force and without the invasion of the colonialists Africans would have developed considering the pyramids of Egypt the axioms of Ethiopia the medical institutes in Timbuktu in the ancient times and more According to the author the reason why the African continent is paralysed in terms of economic development is mental slavery leading to economic slavery Mental slavery is caused by racial discrimination mind diversion using information and religious tools pseudoscience or superstitions faulty education colonialism and colonial destruction of African cultural evolution The author believes that since Chinese and Indians could develop and attain economic freedom so also can Africa develop but Africans must first deal with mental slavery Mental slavery leads to economic slavery Today Africans cannot produce what they consume nor consume what they produce all because of mental slavery An endangered species is a population of organisms which is facing a high risk of becoming extinct because it is either few in numbers or threatened by changing environmental or predation parameters Technically speaking African natives are facing predation parameters and it seems that the New World Order since its creation and inception designated the African natives that they call blacks as guinea pigs that will be used in its operations and to advance its cause The black man has faced cruel slavery colonialism forced dominance and subjugation neo colonialism and he is now also facing mental slavery a far more dangerous situation It is a situation not recognisable with the naked eye yet exists and poses more danger than all of the former creating a cloud of mental slaves who are moving in the wrong direction applying the wrong life operational parameters Development is extremely slow in the African continent and the advanced nations have ceased that opportunity to transform the continent into a huge market for their finished goods in the process also fuelling mind slavery to impair development They hypocritically condemn the African continent as incapable of self sustenance but it has never occurred to anyone that if Africa stands up today those advanced nations will lose their market In exchange directly or indirectly for the rich natural resources of the African continent the advanced nations have fuelled wars and mental slavery in the continent while still condemning the continent Unfortunately the same mercenaries of the New World Government who enslaved the African people in *Are You Getting Enlightened Or Losing Your Mind?* Dennis Gersten, Larry Dossey, 1998 Many Americans who claim to have had an unusual spiritual experience also have had problems handling stress anxiety and depression Now in

paperback psychiatrist Dennis Gersten's program for psychological spiritual peace fitness and integrity provides information for dealing with the sense of dislocation that often accompanies spiritual experiences

Bulletin of the Atomic Scientists, 1979-03 **John Knox House Lecture**, 1959 **Putting God Into Einstein's Equations** Marcia Pollock, 2012-04 Putting God Into Einstein's Equations Energy of the Soul is the direct outcome of an unusual and unique collaboration by soul mates Marcia and Jerry Pollock spanning the spiritual and physical worlds Marcia is deceased and her contributions come from the powerful intelligent energy of her Divine soul which is without her physical body in the spirit world Jerry is alive with his Divine soul which is constrained within his physical body on planet Earth Communicating through thought energy telepathy or channeling the authors have written this exquisitely simply explained book in their humble attempt of gratitude to bring new knowledge to the understanding of God's Essence and our world The Creator Himself has endorsed our book TRUTH LOVE AND WISDOM LIE WITHIN THESE PAGES Putting God Into Einstein's Equations Energy of the Soul is a provocative book that will stay with you long after you finish reading it Have you ever wondered about how a psychic contacts a spirit or where God comes from The book answers questions about God the big bang Einstein's Relativity Equations and how they fit in with God's energy soul mates and love the spirit world of souls past lives telepathic thought energy communication channeling removing negative body soul energy intelligence of the soul independent and combined functions of the soul versus the human brain acquiring spirituality miracles resurrection and reincarnation the Devil good and evil science and spirituality Creation and Evolution and how a new soul that God will give us in the future Messianic Age at the End of Days will allow us to live for the eternity according to Einstein's Equations God is energy and so is our Divine soul Each of us receives a tiny piece of God's virtually infinite energy and the difference between our energy and that of God is simply the enormous difference in order of magnitude when comparing God's energy to ours The behavior of this energy mirrors the equations brilliantly originated and described by Albert Einstein with two exceptions the mass m referenced in Einstein's famous equation $E = mc^2$ is a special Mass M originating in God's energy particles and God's and our soul energy travels at one million times the speed of light c or 186 billion miles per second In fact this Mass is the source of the independent intelligence and

sensory properties found in the soul of all human brains Putting God Into Einstein s Equations Energy of the Soul is a provocative and compelling book that weaves together empirical scientific observation academic research and theoretical and theological considerations bolstered by revelatory first hand testimony bearing witness to the existence of the Divine soul in both the physical and spirit worlds Contained in the pages of Putting God Into Einstein s Equations are moving personal reflections on the authors life experiences from the thrill of discovering one s true soul mate to both traumatic and joyous events like a descent into bipolar depression Divine miracles and the pain and loss associated with the death of a loved one Equally explored and discussed are practical first hand experiential techniques for hypnotic spiritual world regression and directing spiritual energy and using light to alleviate negative forces Above all else Putting God Into Einstein s Equations seeks to advance an awareness and comprehension of God drawing upon points of reference as diverse as Qigong and yoga to the word of rabbinical scholars

trials and from follow up studies done 40 years later is now available here for the first time along with the authors examination of LSD s ramifications on creativity imagination and spirituality In this book Marlene Dobkin de Rios a medical anthropologist who studied the use of hallucinogens in tribal and third world societies considers the spiritual implications of these findings in comparison with indigenous groups that employ psychoactive substances in their religious ceremonies The book also examines the nature of the creative process as influenced by psychedelics and provides artwork and poetry from the original experiment sessions allowing the reader to personally witness LSD s impact on creativity The studies recounted in *LSD Spirituality and the Creative Process* depict an important moment in the history of consciousness and reveal the psychic unity of humanity *Common Sense* ,1920
