Invisible Labor Marion Crain,Winifred Poster,Miriam Cherry,2016-06-28 Demographic and technological trends have yielded new forms of work that are increasingly more precarious globalized and brand centered Some of these shifts have led to a marked decrease in the visibility of work or

workers This edited collection examines situations in which technology and employment practices hide labor within the formal paid labor market with implications for workplace activism social policy and law In some cases technological platforms space and temporality hide workers and sometimes obscure their tasks as well In other situations workers may be highly visible indeed the employer may rely upon the workers aesthetics to market the branded product but their aesthetic labor is not seen as work In still other cases the work occurs within a social interaction and appears as leisure a voluntary or chosen activity rather than as work Alternatively the workers themselves may be conceptualized as consumers rather than as workers Crossing the occupational hierarchy and spectrum from high to low waged work from professional to manual labor and from production to service labor the authors argue for a broader understanding of labor in the contemporary era This book adopts an interdisciplinary approach that integrates perspectives from law sociology and industrial labor relations

Where Bad Jobs Are Better Francoise Carre, Chris Tilly, 2017-11-16 Retail is now the largest employer in the United States For the most part retail jobs are bad jobs characterized by low wages unpredictable work schedules and few opportunities for advancement However labor experts Fran oise Carr and Chris Tilly show that these conditions are not inevitable In Where Bad Jobs Are Better they investigate retail work across different industries and seven countries to demonstrate that better retail jobs are not just possible but already exist By carefully analyzing the factors that lead to more desirable retail jobs Where Bad Jobs Are Better charts a path to improving job quality for all low wage jobs In surveying retail work across the United States Carr and Tilly find that the majority of retail workers receive low pay and nearly half work part time which contributes to high turnover and low productivity Jobs staffed

predominantly by women such as grocery store cashiers pay even less than retail jobs in male dominated fields such as consumer electronics Yet when comparing these jobs to similar positions in Western Europe Carr and Tilly find surprising differences In France though supermarket cashiers perform essentially the same work as cashiers in the United States they receive higher pay are mostly full time and experience lower turnover and higher productivity And unlike the United States where many retail employees are subject to unpredictable schedules in Germany retailers are required by law to provide their employees notice of work schedules six months in advance The authors show that disparities in job quality are largely the result of differing social norms and national institutions For instance weak labor regulations and the decline of unions in the United States have enabled retailers to cut labor costs aggressively in ways that depress wages and discourage full time work On the other hand higher minimum wages greater government regulation of work schedules and stronger collective bargaining through unions and works councils have improved the quality of retail jobs in Europe As retail and service work continue to expand American employers and policymakers will have to decide the extent to which these jobs will be good or bad Where Bad Jobs Are Better shows how stronger rules and regulations can improve the lives of retail workers and boost the quality of low wage jobs across the board

Trabajar: un amor no correspondido Sarah Jaffe, 2024-10-21 Un examen exhaustivo de por qu hacer lo que te gusta es una receta para la explotaci n que crea una nueva tiran a del trabajo en la que aceptamos alegremente realizar tareas que se apoderan de nuestras vidas Te dicen que si haces lo que te gusta no trabajar s ni un d a de tu vida Ya sea trabajando por exposici n y experiencia o soportando malos tratos en nombre de formar parte de la familia todos los empleados nos vemos empujados a hacer sacrificios por el privilegio de poder hacer lo que amamos Jaffe una voz preeminente en materia de trabajo desigualdad y movimientos sociales examina este mito del trabajo por amor la idea de que ciertos trabajos no son realmente trabajo y por tanto deben realizarse por pasi n en lugar de por remuneraci n A trav s de las experiencias de empleados de diversos sectores desde el becario no remunerado hasta el profesor agobiado pasando por el trabajador sin nimo de lucro e incluso el atleta profesional Jaffe revela c mo nos han enga ado a todos para que nos creamos una nueva tiran a del trabajo Comprender la trampa del trabajo por amor nos capacitar para trabajar menos y exigir lo que vale nuestro desempe o
