✓ Exclusively available on IvyPanda

Alongside with his poems, in 1999, Walter Dean Myers presented an excellent drama novel, *Monster*, about one 16-year-old black kid, Steve Harmon, who was charged with felony murder. One of the most attractive features of this book is its structure and style of writing. *Monster* by Walter Dean Myers essay shall provide an analysis of the characters of the book and author's style. The reader is captivated from the very beginning of the story, as it is similar to the beginning of the famous *Star Wars*.

Steve Harmon is the writer, director, and main character of *Monster*. Such a decision to present the story from one person's point of view, divide characters into good and bad ones, appeal to the facts from one diary only, and use not a standard form of narration is unique indeed.

The style chosen by the author of this story takes several pages to get used to. *Monster* writing style attracts the attention of the reader due to the contrasting mix of such strategies as controlled development of thoughts and stream of consciousness, which create unique tone and mood in the story. However, such a manner of writing influences Meyers' development of the theme only in a positive way. Why did Walter Dean Myers write *monster* in the format of a screenplay? It may be assumed that, by doing so, he wanted to show the feelings of the characters and the development of the conflict at the same time.

Monster is interesting to read because it provides the reader with a chance to create his/her own impression about the main character. The writer does not tell you what to think, but let you make decisions and conclusions independently. During the whole story, it is not mentioned whether the main character is good or bad.

It was pointed out that the character is surrounded by bad people, with bad guns, and bad intentions. Kathy O'Brien is Steve's defense attorney, and she does believe that Steve is guilty and tries to prepare him for the worst. "Both you and this King character are on trial for felony murder. Felony murder is as severe as it gets. Sandra Petrocelli is the prosecutor, and she's great. They're pushing for the death penalty, which is really bad" (Myers 12). Family members also support Steve, though the ending

Culturally Responsive Reading Durthy A. Washington, 2023. A book that is brilliantly incisive and generative beyond words. *Culturally Responsive Reading* is a gift that will be welcomed in classrooms everywhere. Junot Diaz author *This Is How You Lose Her* helps students to explore the intertextuality of literature and to think more deeply and compassionately about the world. This book shows high school teachers and college instructors how to foreground a work's cultural context, recognizing that every culture has its own narrative tradition of oral and written classics that inform its literature. The author introduces readers to the LIST Paradigm, a guided approach to culturally responsive reading that encourages readers to access and analyze a text by asking significant questions designed to foster close critical reading. By combining aspects of both literary analysis (exploring the elements of fiction such as plot, setting, and character) and literary criticism (exploring works from multiple perspectives such as historical, psychological, and archetypal), the LIST Paradigm helps educators unlock literature with four keys to culture: Language, Identity, Space, and Time. In *Culturally Responsive Reading*, Washington exposes cultural myths, reveals racist and culturally biased language, dismantles stereotypes, and prevents the egregious misreading of works written by people of color. Book Features: Describes a unique approach to culturally responsive reading, including specific teaching strategies and rich classroom examples; Explores numerous texts by writers of color that are rarely included as required reading in literature courses; Provides examples and illustrations of innovative ways to incorporate multicultural texts into an introductory literature course; Incorporates epigraphs and questions that highlight each component of the LIST approach; Includes a critical essay that guides teachers through the process of teaching a complex postmodern novel, Junot Diaz's *The Brief Wondrous Life of Oscar Wao*.
