Waiting For Snow In Havana Confessions Of A Cuban Boy:

Waiting For Snow In Havana Carlos Eire, 2012-12-11 A childhood in a privileged household in 1950s Havana was joyous and cruel like any other but with certain differences The neighbour's monkey was liable to escape and run across your roof Surfing was conducted by driving cars across the breakwater Lizards and firecrackers made frequent contact Carlos Eire's childhood was a little different from most His father was convinced he had been Louis XVI in a past life At school classmates with fathers in the Batista government were attended by chauffeurs and bodyguards At a home crammed with artifacts and paintings portraits of Jesus spoke to him in dreams and nightmares Then in January 1959 the world changes Batista is suddenly gone a cigar smoking guerrilla has taken his place and Christmas is cancelled The echo of firing squads is everywhere And one by one the author's schoolmates begin to disappear spirited away to the United States Carlos will end up there himself without his parents never to see his father again Narrated with the urgency of a confession WAITING FOR SNOW IN HAVANA is both an ode to a paradise lost and an exorcism More than that it captures the terrible beauty of those times in our lives when we are certain we have died and then are somehow miraculously reborn **Waiting for Snow in**

Havana Carlos Eire, 2014-05-10 Carlos Eire's National Book Award winning memoir of his childhood in 1950s Havana and the overnight upheaval of his world in January 1959 when the Batista government was toppled **Waiting for Snow in**

Havana Carlos M. N. Eire, 2003-03 *Waiting for Snow in Havana* Carlos Eire, 2004 This haunting memoir of the Cuban Revolution seen through the eyes of a small boy is the heartbreaking story of the author's privileged childhood in pre Revolution Havana and how he lost everything including his father *Learning to Die in Miami* Carlos Eire, 2010-11-02 Continuing the personal saga begun in the National Book Award winning *Waiting for Snow in Havana* the inspiring sad funny bafflingly beautiful story of a boy uprooted by the Cuban Revolution and transplanted to Miami during the years of the Kennedy administration In his 2003 National Book Award winning memoir *Waiting for Snow in Havana* Carlos Eire narrated his coming of age in Cuba just before and during the Castro revolution That book literally ends in midair as eleven year old Carlos and his older brother leave Havana on an airplane along with thousands of other children to begin their new life in Miami in 1962 It would be years before he would see his mother again He would never again see his beloved father *Learning to Die in Miami* opens as the plane lands and Carlos faces with trepidation and excitement his new life He quickly realizes that in order for his new American self to emerge his Cuban self must die And so with great enterprise and purpose he begins his journey We follow Carlos as he adjusts to life in his new home Faced with learning English attending American schools and an uncertain future young Carlos confronts the age old immigrant's plight being surrounded by American bounty but not able to partake right away The abundance America has to offer excites him and regardless of how grim his living situation becomes he eagerly forges ahead with his own personal assimilation program shedding the vestiges of his old life almost immediately even changing his name to Charles Cuba becomes a remote and vague idea in the back of his mind something he

used to know well but now it had ceased to be part of the world But as Carlos comes to grips with his strange surroundings he must also struggle with everyday issues of growing up His constant movement between foster homes and the eventual realization that his parents are far away in Cuba bring on an acute awareness that his life has irrevocably changed Flashing back and forth between past and future we watch as Carlos balances the divide between his past and present homes and finds his way in this strange new world one that seems to hold the exhilarating promise of infinite possibilities and one that he will eventually claim as his own An exorcism and an ode Learning to Die in Miami is a celebration of renewal of those times when we re certain we have died and then are somehow miraculously reborn

A Linking of Heaven and Earth Scott K. Taylor,2016-03-23 The Reformation of the sixteenth century shattered the unity of medieval Christendom and the resulting fissures spread to the corners of the earth No scholar of the period has done more than Carlos M N Eire however to document how much these ruptures implicated otherworldly spheres as well His deeply innovative publications helped shape new fields of study intertwining social intellectual cultural and religious history to reveal how lived beliefs had real and profound implications for social and political life in early modern Europe Reflecting these themes the volume celebrates the intellectual legacy of Carlos Eire s scholarship applying his distinctive combination of cultural and religious history to new areas and topics In so doing it underlines the extent to which the relationship between the natural and the supernatural in the early modern world was dynamic contentious and always urgent Organized around three sections Connecting the Natural and the Supernatural Bodies in Motion Mind Soul and Death and Living One s Faith the essays are bound together by the example of Eire s scholarship ensuring a coherence of approach that makes the book crucial reading for scholars of the Reformation Christianity and early modern cultural history
