Helen Goldstein, 2019-08-25 The Earth Walkers is a story of the relationship of horses humans and planet earth It is a simple story that over time we as humans have complicated Once all three lived in harmony but humans viewed this as primitive savage or wild And so we began to make our existence together more civilized In our interference we began to lose respect for our planet and all that lived upon it including ourselves One of the three though remained steadfast throughout the story Horses except in their physical appearance have neither changed nor tried to change anything just being themselves constantly at our sides Tracing the story of the relationship from the beginning of time the unique bond between humans and horses is explored through different civilizations and cultures up to present day It tracks the journey of the two species and the effect they had on earth as they walked around it It also tells the story of how when in times of disruption chaos and imbalance earth has spoken to us giving us signs and horses have always been there guiding us to a path back home It is a path to a home on earth where all can live in harmony and at peace a path that we will hopefully choose to walk together once again Exile's Children Angus Wells, 2012-01-11 Part One Of The Exiles Saga In the peaceful land of Ket Ta Witko the People have lived for generations in harmony kept from trouble by their Seers guiding dreams But not even those talents are proof against the powers of love and love thwarted When a blood feud escalates into violence the People find themselves beset by a race of implacable demons intent on destroying everything they hold dear And their one chance at redemption lies worlds away in the harsh and dismal prison colony of Salvation where a tavern girl a gambler and a young boy with the forbidden talent for True Dreaming have been unjustly accused and bound into a lifetime of servitude Individually they are helpless Together they may alter the future forever
