Wake Up Call Victoria Ashley:

Wake Up Call Victoria Ashley, 2013-08-08 My heart stopped and suddenly it was hard to breathe His voice always had that affect on me It was like poison slowly running through my veins killing me bit by bit Like a drug that I couldn't get enough of even though I was almost down to my last breath Jace took a step forward and grabbed my hand He slowly trailed his fingers over my face and backed me into the wall My heart stopped again if that was even possible You can't leave he whispered I need you His warm breath kissed my lips as he bit his bottom lip and placed both of his hands around my face They were warm and soft to the touch Too big for my fragile face although I wanted to bury myself in them Breathe There is no one here but the two of us Breathe he whispered Avery Hale had spent her whole childhood abused by her drunken drugged up parents Broken from a lifetime of hatred and pain she grew up realizing that trust and love just didn't exist Not in her world at least After turning the age of eighteen she packed up and moved far away determined to escape her painful past and start a new life for herself Once on her own she comes to the conclusion that the emptiness still exists In order to survive she found herself mixed up in exotic dancing and meaningless sexual relationships numb to any emotion for anyone She was sure that her life was worthless and there was nothing left for her this was the best it would get After meeting a beautiful stranger her life suddenly is turned upside down Everything she believed suddenly gets questioned She is left to figure out if there is really more to her than she could ever have imagined Jace having some secrets of his own puts the pain of his own past behind to do what he can to help Avery Can the love of another broken person be enough to help Avery or is she already too far gone Avery's life is pulled in many directions as she tries to find herself and not everyone and thing is what they seem to be in this story of love trust and opening up Finding herself and learning to love herself might just be the hardest thing she's ever had to do

Superpower Britain Ashley Jackson,Andrew Stewart,2025-01-13 History tells us that the Second World War broke

Britain as a great power diminishing its military strength ruining its economy and precipitating a striking wave of decolonization Nationalists and new superpowers dominated the post war landscape and the country was on the slide But no one knew this in 1945 the leading politicians the top civil servants and the most knowledgeable experts all expected the British Empire to remain intact long into the future There was no hint of imminent collapse and the governing elite and key opinion shapers weren't considering decline and decolonization evincing instead a new zeal for imperial renovation and a belief that an empire which had just survived another global conflict was vital for the peace and security of all humankind They were even looking to expansion securing the spoils of victory as they had done at the end of the First World War Fully expecting to continue leading a great empire as well as a bloc of European nations recovering from war the British had their own vision of the new world order Furthermore and astonishingly given what actually happened British leaders were convinced that parity could be gained with the Americans and the Soviets Britain was to remain a superpower in its own right What actually happened differed radically from these expectations The question is how do we account for the difference between what it was thought would happen and the actual course of events Superpower Britain is the first book to focus in depth on this fascinating counterpoint and to fully integrate the history of Britain and the effects of the Second World War with the history of the British Empire It explains what the British planned to do in the post war world why they thought their plans for regeneration and the future world order were viable and what the war had actually done to British world power and its imperial foundations
