SYNOPSIS:

When Grandma Burnt Her Bra uses humour to tell the story of feminism and women's rights, exploring how, throughout history, both men and women have broken down barriers. The illustrations help convey, carefully and quirkily, the complex message that things were not always equal — and that they are not yet equal — which means that each generation faces the continued fight for equality. The call to action is to carry the flame forward. And best of all, this book has dinosaurs!

THEMES:

• Feminism/Women's Rights • Social History • Dinosaurs • Generational Relationships

SELLING POINTS:

- Uses humour to tell the underlying story of multiple preceding generations slowly overcoming long-held patriarchal views and traditions; emphasises that the feminist movement is not over and that there is still work to do to be done by the generation reading this book.
- Social history addressed in an approachable manner with humorous illustrations, helping to open up the topic for discussion among family members.
- Designed to appeal equally to male and female readers.
- Will have universal appeal in English-speaking countries, particularly in countries that share early women's rights history such as New Zealand, Australia, the United States and the United Kingdom.

AUTHOR MOTIVATION:

Now and then, despite so much achievement in gender equality, a sharp reminder arrives that we are not quite done with this agenda! I want young boys and girls to read it, and know the baton is in their hands to continue this valuable work – started by the many generations before them.

ILLUSTRATION STYLE:

I created the illustrations digitally, which means I made them using the computer. I drew using a Wacom pen and tablet, which are essentially an electronic pen and paper. The process is very similar to drawing with a pencil, except the lines I made were captured on the computer screen, and I can split my work into layers. There are two worlds depicted in the visuals of the book. The REALITY: where our protagonist Maggie and her Gran are getting ready to have their backyard BBQ; and Maggie's IMAGINATION: where she tries to piece together the stories that Grandma tells her about the past.

The second world, in Maggie's head, is where the action really takes off, as cave people disagree on family dynamics, hunt dinosaurs and... well, build caves! But in the pictures we can see that not everyone is included in these activities.

As the story progresses, the two visual worlds overlap and Maggie and her Gran end up joining in the fight, as they chase the dinosaurs away from their own backyard. At this stage it's hard to see where the REALITY ends and IMAGINATION begins. This is something I very much enjoy about picture books.

When illustrating, I used a dynamic and playful style, which resembles that of a comic book. I feel this gives the story appropriate energy, and hopefully helps the young readers tackle and digest the themes of the book.
