Walt Disney World, located in Orlando, Florida, is one of the most famous theme parks in the world. It opened on October 1, 1971, and was created by Walt Disney and his team to bring magical experiences to families.

The park is divided into four main sections—Magic Kingdom, Epcot, Disney's Hollywood Studios, and Animal Kingdom. Each section offers rides, shows, and attractions based on Disney movies and stories.

Imagining Literacy Ramona Fernandez, 2010-01-01 Defining the common knowledge a literate person should possess has provoked intense debate ever since the publication of E D Hirsch's controversial book Cultural Literacy What Every American Needs to Know Yet the basic concept of common knowledge Ramona Fernandez argues is a Eurocentric model ill suited to a society composed of many distinct cultures and many local knowledges In this book Fernandez decodes the ideological assumptions that underlie prevailing models of cultural literacy as she offers new ways of imagining and modeling mixed cultural and non print literacies In particular she challenges the biases inherent in the encyclopedias of knowledge promulgated by E D Hirsch and others by Disney World's EPCOT Center and by the Smithsonian Institution In contrast to these she places the writings of Zora Neale Hurston Maxine Hong Kingston Gloria Anzaldúa and Leslie Marmon Silko whose works model a cultural literacy that weaves connections across many local knowledges and many ways of knowing

Disney's Land Richard Snow, 2020-12-01 A propulsive and entertaining The Wall Street Journal history chronicling the conception and creation of the iconic Disneyland theme park as told like never before by popular historian Richard Snow One day in the early 1950s Walt Disney stood looking over 240 acres of farmland in Anaheim California and imagined building a park where people could live among Mickey Mouse and Snow White in a world still powered by steam and fire for a day or a week or if the visitor is slightly mad forever Despite his wealth and fame exactly no one wanted Disney to build such a park Not his brother Roy who ran the company's finances not the bankers and not his wife Lillian Amusement parks at that time such as Coney Island were a generally despised business

sagging and sordid remnants of bygone days Disney was told that he would only be heading toward financial ruin But Walt persevered initially financing the park against his own life insurance policy and later with sponsorship from ABC and the sale of thousands and thousands of Davy Crockett coonskin caps Disney assembled a talented team of engineers architects artists animators landscapers and even a retired admiral to transform his ideas into a soaring yet soothing wonderland of a park The catch was that they had only a year and a day in which to build it On July 17 1955 Disneyland opened its gates and the first day was a disaster Disney was nearly suicidal with grief that he had failed on a grand scale But the curious masses kept coming and the rest is entertainment history Eight hundred million visitors have flocked to the park since then In Disney's Land Snow brings a historian's eye and a child's delight not to mention superb writing to the telling of this fascinating narrative Ken Burns that will entertain Disneyphiles and readers of popular American history Publishers Weekly
