The New Assassin's Field Guide & Almanac M.W. Gats, 2021-12-07 The New Assassin's Field Guide Almanac By M W Gats After a hard childhood under the stern gaze of his father The Master Chief Dan Ketch goes to college thinking he's free to remake himself and restart his life But seeking to avenge an injustice leaves him both abandoned by the girl he loved and a

murderer Dan figures it can't get worse but counts himself lucky he got away with it. He didn't. Approached by the mysterious Kestrel, Dan finds himself scouted by a secretive organization called The Thanatos Guild which sits up and takes notice when a skillful amateur murder has been executed. Dan is given a choice: accept the training the Guild provides and commit three more murders of their choice. Then you can retire to wealth and peace. Refuse, and the authorities will learn all they need about your original crime. A third option is after your initial three: you can stay with the Guild as a professional provider of expedient murder. Years later, Dan is just that: wealthy, deadly, and living the life of the successful assassin. He even has a guide, the tome he stole from the Library of Bones: The New Assassin's Field Almanac, author unknown, with all the advice a professional killer could want. But when Dan's long lost college love reaches him with news of a daughter he never knew he has to decide if he wants to continue as Proteus, Paladin of The Thanatos Guild, or retire and find anything inside that could be useful as a father to a little girl. And before that decision can be fully considered, Dan finds himself embroiled in a breach of the Guild's secrets and forced to attempt a rescue of the three people he's been told to kill next.

Guns on the Internet Connie Hassett-Walker, 2018-07-24. Gun rights and control are well-trodden subjects with prior work supporting the right of citizens to own firearms, discussing the failure of gun control efforts or warning about or exhorting citizen gun ownership among other things. Although social media in their many forms have only come to dominate modern U.S. life during the past decade, there has been little academic exploration of gun owner communities on the Internet and social media. How do gun owners use social media? How do they meet other gun owners online? What do they talk about as relates to guns? With a massive and well-organized collection of support material, *Guns on the Internet* faces these questions with an unbiased approach that seeks a foundation for mutual understanding. Also available as an audiobook.
