Kama Muta Alan Page Fiske, 2019-11-26 This book describes a ubiquitous and potent emotion that has only rarely and recently been studied in any systematic manner The words that come closest to denoting it in English are being moved or touched having a heart warming feeling feeling nostalgic feeling patriotic or pride in family or team In religious contexts when the emotion is intense it may be labeled ecstasy mystical rapture burning in the bosom or being touched by the Spirit All of these are instances of what scientists now call kama muta Sanskrit moved by love Alan Page Fiske shows that what evokes this emotion is the sudden creation intensification renewal repair or recall of a communal sharing relationship when love ignites or people feel newly connected He explains the social psychological cultural and likely evolutionary processes involved and how they interlock Kama muta is described as it manifests in diverse settings at many points in history across scores of cultures in everyday experiences as well as the peak moments of life The chapters illuminate the occurrence of kama muta in a range of contexts including religion oratory literature sport social media and nature The book will be of interest to students and scholars from a number of disciplines who are interested in emotion or social relationships Supplementary notes can be found online at www.routledge.com/9780367220945

Understanding Government

Information Connie Hamner Williams, 2017-10-30 This book demonstrates how government information can be used to engage students through inquiry and project based activities thereby providing opportunities for creative investigation and discovery Many government agencies and institutions provide educators with curricula lesson plans data and direction all of it free But to access this largely hidden world of government information one needs an understanding of how this government information is organized and knowledge about how to best utilize the finding aids databases and other search mechanisms to help guide effective research This guidebook shows you how to locate high quality effective lesson plans developed by the nation's best educators access reliable government data and find curated lists of free government sources that are theme based and reference national standards in social studies and health Understanding Government Information A Teaching Strategy Toolkit for Grades 7-12 is ideal for middle school and high school librarians and teachers in all subject areas public youth services librarians as well as parents teaching their students in home school based programs You'll learn how to access expert developed lesson plans documents images and other primary sources along with suggested activities The book also includes a teacher toolkit that details strategies for lessons and student activities that can be used across the curriculum

Men, Masculinities and Disaster Elaine Enarson, Bob Pease, 2016-06-17 In the examination of gender as a driving force in disasters too little attention has been paid to how women's or men's disaster experiences relate to the wider context of gender inequality or how gender just practice can help prevent disasters or address climate change at a structural level With a foreword from Kenneth Hewitt an afterword from Raewyn Connell and contributions from renowned international experts this book helps address the gap It explores disasters in diverse environmental hazard political and

cultural contexts through original research and theoretical reflection building on the under utilized orientation of critical men's studies This body of thought not previously applied in disaster contexts explores how men gain maintain and use power to assert control over women Contributing authors examine the gender terrain of disasters through men's eyes considering how diverse forms of masculinities shape men's efforts to respond to and recover from disasters and other climate challenges The book highlights both the high costs paid by many men in disasters and the consequences of dominant masculinity practices for women and marginalized men It concludes by examining how disaster risk can be reduced through men's diverse efforts to challenge hierarchies around gender sexuality disability age and culture
