

Professional logo, Gold colour represents richness and the Crescent has an Islamic feel. Horizontal alignment needs a slight adjustment to make it centred.

Typography into two small. The blue in the sub needs to be much more prominent as this is often the most visited page after the Home page.

What relevance has the background image to the business? If the unique selling point is Sharia compliant then some Islamic imagery should be used instead.

Even though this CTA is important to not important for new customers and therefore should be less prominent. It would be better to incorporate a Short Action Item.

CTA Button not prominent enough. A new colour scheme should be used throughout site.

Confusing labelling. Consumers are not interested in such details. Paragraph text has a larger line height. It should be slightly reduced.

Generic stock images don't give a sense of authenticity. The use of Islamic photography would be more appropriate.

vertical spacing between links too large. Need to reduce. Icons associated with links too far away from text. This is hard to achieve in HTML and CSS, therefore an alternative should be considered.

Perhaps a comment about who you want to attract this is an Islamic perspective on the about page.

Purpose as a business philosophy has resulted in organizations struggling to make sense of what they need to do and made purpose washing commonplace. Identify the challenges and opportunities in the age of purpose and learn how to create authentic messaging, activate successful campaigns and assess the value that these have for key audiences. Purpose has become a leadership and managerial imperative for businesses large and small, non profit organizations and charities. However many businesses don't know how to clearly execute this and the marketing and PR function of many companies struggle disproportionately as a result. This has led to an increase in cynicism and the growth of purpose washing. However when purpose is created with an authentic culture, the opportunity for building brand reputation and positive customer engagement is significant. *Truth Be Told* will help readers understand exactly how to achieve this and present the core truths of their company or organization to drive clear, authentic, purpose powered communication. **Responsible Care** Nicholas Cheremisinoff, Paul Rosenfield, Anton

Davletshin, 2013-11-25 Environmental regulations provide protection to the public, workers and the environment. To protect themselves from long term liabilities, however, companies have to do more than just comply with the basic responsibilities. This handbook is designed to introduce terminology, methodology, tools, procedures and practical guidance for incorporating efficient pollution prevention strategies into the overall business plan. It is a company's responsibility to protect and control its management of waste and pollution and a company that fails to do so will ultimately inflict a negative impact on its bottom line, especially in financial performance. **Responsible Care** delivers critical guidelines and rules of thumb required for

Creating Equal Opportunities for a Healthy Weight Institute of Medicine,Food and Nutrition Board,Standing Committee on Childhood Obesity Prevention,2013-12-25 Creating Equal Opportunities for a Healthy Weight is the summary of a workshop convened by the Institute of Medicine s Standing Committee on Childhood Obesity Prevention

in June 2013 to examine income race and ethnicity and how these factors intersect with childhood obesity and its prevention Registered participants along with viewers of a simultaneous webcast of the workshop heard a series of presentations by researchers policy makers advocates and other stakeholders focused on health disparities associated with income race ethnicity and other characteristics and on how these factors intersect with obesity and its prevention The workshop featured invited presentations and discussions concerning physical activity healthy food access food marketing and messaging and the roles of employers health care professionals and schools The IOM 2012 report Accelerating Progress in Obesity Prevention acknowledged that a variety of characteristics linked historically to social exclusion or discrimination including race ethnicity religion socioeconomic status gender age mental health disability sexual orientation or gender identity geographic location and immigrant status can thereby affect opportunities for physical activity healthy eating health care work and education In many parts of the United States certain racial and ethnic groups and low income individuals and families live learn work and play in places that lack health promoting resources such as parks recreational facilities high quality grocery stores and walkable streets These same neighborhoods may have characteristics such as heavy traffic or other unsafe conditions that discourage people from walking or being physically active outdoors The combination of unhealthy social and environmental risk factors including limited access to healthy foods and opportunities for physical activity can contribute to increased levels of chronic stress among community members which have been linked to increased levels of sedentary activity and increased calorie consumption Creating Equal Opportunities for a Healthy Weight focuses on the key obesity prevention goals and recommendations outlined in Accelerating Progress in Obesity Prevention through the lens of health equity This report explores critical aspects of obesity prevention while discussing potential future research policy and action that could lead to equity in opportunities to achieve a healthy weight

Going Broke Stuart Vyse, 2018-08-01 Over the last four decades debt bankruptcy and home foreclosures have risen to epidemic levels and the personal savings rate has sunk dangerously low Why in the richest nation on earth can't Americans hold on to their money First published in 2008 Stuart Vyse's *Going Broke* described the epidemic of personal debt that existed in the years leading up to the Great Recession and anticipated the home mortgage crisis that started it Ten years later a fully updated new edition tackles the post recession era of economic recovery Today total household debt has actually surpassed pre recession levels and some of the same problems that preceded the crash are back again But the shape of our troubles has changed the new face of financial failure features auto repossession bankruptcy eviction wage garnishment and being sued for unpaid bills Vyse offers a unique psychological perspective on the financial behavior of the many Americans today who find they cannot make ends meet illuminating these and other causes of our wildly self destructive spending habits But he doesn't entirely blame the victim arguing instead that the mountain of debt burying so many of us is the inevitable byproduct of America's turbo charged economy together with social and technological trends that undermine our self control This new edition illuminates everything from the rise of the credit card and ballooning

student loan debt to the expansion of new shopping opportunities provided by social media revealing how vast changes in American society over the last 40 years have greatly complicated our relationship with money Vyse concludes with both personal advice for the individual who wants to achieve greater financial stability and with pointed recommendations for economic and social change that will help promote the financial health of all Americans
