Nicholls,2014-10-01 A gentleman when the game was hard bitten played by rough and ready lads out to win whatever the cost Australia had few sporting heroes in the years preceding its federation in 1901 But before its 20th century Olympic trailblazers and Depression era icons such as Phar Lap and Don Bradman came an Australian sporting pioneer who was celebrated on the most glamorous stage in the world American major league baseball Joe Quinn s story has long been lost in the land of his birth This tale gallops from the deprivation of famine ravaged Ireland through colonial Australia to the raucous ballfields of 19th century America with their unruly players and owners brawls and adulation and backroom betrayals Through 17 seasons in the major leagues Undertaker Joe Quinn earned his place among the colorful characters who pioneered the modern game of baseball as much for his ability to stand apart from their bad behavior as for his steadfastness on the field Meet Australia s first professional baseball player and manager whose willingness to have a go in the grand Australian tradition will live long in the minds of sports fans on both sides of the Pacific **Mark Lane Express** ,1917

Extremisms Farid Panjwani, Lynn Revell, Reza Gholami, Mike Diboll, 2017-08-09 Education and Extremisms addresses one of the most pressing questions facing societies today how is education to respond to the challenge of extremism It argues that the implementation of new teaching techniques curricular reforms or top down changes to education policy alone cannot solve the problem of extremism in educational establishments across the world Instead the authors of this thought provoking volume argue that there is a need for those concerned with radicalisation to reconsider the relationship between instrumentalist ideologies shaping education and the multiple forms of extremisms that exist Beginning with a detailed discussion of the complicated and contested nature of different forms of extremism including extremism of both a religious and secular nature the authors show that common assumptions in contemporary discourses on education and extremism are problematic Chapters in the book provide a careful selection of pertinent and topical case studies policy analysis and insightful critique of extremist discourses Taken together the chapters in the book make a powerful case for re engaging with liberal education in order to foster values of individual and social enrichment intellectual freedom criticality open mindedness flexibility and reflection as antidotes to extremist ideologies Recognising recent criticisms of liberalism and liberal education the authors argue for a new understanding of liberal education that is suitable for multicultural societies in a rapidly globalising world This book is essential reading for academics researchers and postgraduate students with an interest in religion citizenship education liberalism secularism counter terrorism social policy Muslim education youth studies and extremism It is also relevant to teacher educators teachers and policymakers

Support for Armed Forces Veterans in Wales Great Britain: Parliament: House of Commons: Welsh Affairs Committee, 2013-02-12 This Report examines whether the level of support provided to Armed Forces veterans in Wales both immediately before they leave the service and once they return to civilian life is adequate The key recommendation is that the Welsh Government take forward proposals to establish a network of one stop shops for veterans across Wales A great deal of support is available for veterans in Wales but often a lack of awareness means that support is not taken up A one stop shop for veterans would be a convenient way for veterans to access information and receive advice on a range of important issues such as housing finances and employment To avoid duplication however the Welsh Government needs to take into account the support launched or planned by local authorities as part of their Community Covenants There should also be better co ordination of the work done by the many charities supporting veterans In the light of recent court cases which have illustrated the need for vigilance to prevent fraudsters taking advantage of the public s willingness to give to veterans charities there should be much more stringent inspection of charities finances There is also concern about charities providing treatments for complex psychological issues that do not meet NICE guidelines The regulation of charities may be insufficiently robust in this area The Charity Commission should insist that veterans charities which offer medical psychological or counselling services provide documentation from the relevant professional bodies to confirm that they have the appropriate endorsement for the services
