Independent Vision Miriam Ascarelli,2010 Mention the words Seeing Eye and most people will associate them with guide dogs for the blind and partially sighted Mention the name Dorothy Harrison Eustis and most people will not recognize it even though she is the woman responsible for founding The Seeing Eye the first guide dog school in the United States Since its inception eighty years ago The Seeing Eye has trained thousands of people who are visually impaired to use guide dogs The success of the program has spawned guide dog schools across the country and around the world and the concept has been further expanded to include service dogs for people with other kinds of disabilities Drawing on correspondence private papers and newspaper accounts of the day Miriam Ascarelli chronicles the life of Dorothy Harrison Eustis revealing both a driven woman and a very private person who shunned media coverage of herself but actively courted it for her organization

Weather, Migration and the Scottish Diaspora Graeme Morton,2020-10-28 Why did large numbers of Scots leave a temperate climate to live permanently in parts of the world where greater temperature extreme was the norm The long nineteenth century was a period consistently cooler than now and Scotland remains the coldest of the British nations Nineteenth century meteorologists turned to environmental determinism to explain the persistence of agricultural shortage and to identify the atmospheric conditions that exacerbated the incidence of death and disease in the towns In these cases the logic of emigration and the benefits of an alternative climate were compelling Emigration agents portrayed their favoured climate in

order to pull migrants in their direction The climate reasons pressures and incentives that resulted in the movement of people have been neither straightforward nor uniform There are known structural features that contextualize the migration experience chief among them being economic and demographic factors By building on the work of historical climatologists and the availability of long run climate data for the first time the emigration history of Scotland is examined through the lens of the nation s climate In significant per capita numbers the Scots left the cold country behind yet the homeland remained an unbreakable connection for the diaspora
