Multivocality Katherine Meizel PhD,2020-01-02 Multivocality frames vocality as a way to investigate the voice in music as a concept encompassing all the implications with which voice is

inscribed the negotiation of sound and Self individual and culture medium and meaning ontology and embodiment Like identity vocality is fluid and constructed continually even the most iconic of singers do not simply exercise a static voice throughout a lifetime As 21st century singers habitually perform across styles genres cultural contexts histories and identities the author suggests that they are not only performing in multiple vocalities but more critically they are performing multivocality creating and recreating identity through the process of singing with many voices Multivocality constitutes an effort toward a fuller understanding of how the singing voice figures in the negotiation of identity Author Katherine Meizel recovers the idea of multivocality from its previously abstract treatment and re embodies it in the lived experiences of singers who work on and across the fluid borders of identity Highlighting singers in vocal motion Multivocality focuses on their transitions and transgressions across genre and gender boundaries cultural borders the lines between body and technology between religious contexts between found voices and lost ones Voice in the Desert Cheris Marie Munoz, 2011-05 Hope is not too far In this meaningful collection of poetry from dramatic monologue to a sonnet you will feel your spirit being lifted up as Cheris Munoz shares her poetry Cheris serves as a messenger to invite you to see the goodness of the love of Christ strong belief of who He is and what He has done in and for her As life offers many challenges and trials these poems too offer a vast array of topics that touch any area humanity would face You too will be drawn to taste and see that the Lord is good
