unraveling of the New Deal the waging of the cold war and the no holds barred economics of globalization The question Sharlet believes we must ask is not What do fundamentalists want but What have they already done Part history part investigative journalism The Family is a compelling account of how fundamentalism came to be interwoven with American power a story that stretches from the religious revivals that have shaken this nation from its beginning to fundamentalism s new frontiers No other book about the right has exposed the Family or revealed its far reaching impact on democracy and no future reckoning of American fundamentalism will be able to ignore it *Annotated Cases, American and English* ,1908
