MATHEMATICS
Paper 4 (Extended)
0580/42
May/June 2016
2 hours 30 minutes

Candidates answer on the Question Paper.

Additional Materials:

Electronic calculator

Tracing paper (optional)

Geometrical instruments

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Answer all questions.

If working is needed for any question it must be shown below that question.

Electronic calculators should be used.

If the degree of accuracy is not specified in the question, and if the answer is not exact, give the answer to three significant figures. Give answers in degrees to one decimal place.

 For π , use either your calculator value or 3.142.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

The total of the marks for this paper is 130.

The syllabus is approved for use in England, Wales and Northern Ireland as a Cambridge International Level 1/Level 2 Certificate.

This document consists of 16 printed pages.

The Art of Uncertainty David Spiegelhalter, 2025-03-04 Named a Best Book of the Year by Forbes and The Economist From our greatest living statistical communicator Tim Harford comes an invaluable data driven guide for understanding and learning to embrace risk and uncertainty in our daily lives How dangerous is our diet How much of sports falls into the realm of luck When authorities categorize a given event as highly likely how likely is that really Whether we re trying to decide if the benefits of a new medication are worth the chance of side effects or if artificial intelligence truly threatens humanity our lives are riddled with uncertainties both everyday and existential yet it can be difficult to know how to properly weigh all those unknowns Luckily for us renowned statistician David Spiegelhalter has spent his career dissecting data to resolve the apparently random and decode the many decisions we face with imperfect information In *The Art of Uncertainty* he shows how we can become better at dealing with what we don t know to make smarter choices in a world so full of puzzling variables In lucid lively prose Spiegelhalter guides us through the principles of probability illustrating how they can help us think more analytically about everything from medical advice to sports to climate change forecasts He demonstrates how taking a mathematical approach to phenomena we might otherwise attribute to fate or luck can help us sort hidden patterns from mere coincidences better evaluate cause and effect and predict what s likely to happen in the future Along the way we learn how a misinterpretation of a probability contributed to the infamous Bay of Pigs fiasco why a ship twice the size of the Titanic sank without a trace and why we can be so confident that no two properly shuffled decks of cards have ever been in the same order Sparkling with wit and fascinating real world examples this is an essential guide to navigating uncertainty while also retaining the humility to admit what we don t or simply cannot know [Philip Allan Literature Guide \(for A-Level\): Frankenstein](#) Andrew Green, 2013-04-26 For study or revision these guides are the perfect accompaniment to the set text providing invaluable background and exam advice Philip Allan Literature Guides for A level offer succinct and accessible coverage of all key aspects of the set text and are designed to challenge and develop your knowledge encouraging

you to reach your full potential Each full colour guide Gives you the confidence that you know your set text inside out with insightful coverage for you to develop your understanding of context characters quotations themes and style Ensures you are fully prepared for your exams each guide shows you how your set text will be measured against assessment objectives of the main specification Develops the skills you need to do well in your exams with tasks and practice questions in the guide and lots more completely free online including podcasts glossaries sample essays and revision advice at www.philipallan.co.uk literatureguidesonline *Philip Allan Literature Guide (for A-Level): Skirrid Hill* Luke McBratney, 2013-01-04 Written by experienced A level examiners and teachers who know exactly what students need to succeed and edited by a chief examiner Philip Allan Literature Guides for A level are invaluable study companions with exam specific advice to help you to get the grade you need This full colour guide includes detailed scene summaries and sections on themes characters form structure language and contexts a dedicated Working with the text section on how to write about texts for coursework and controlled assessment and how to revise for exams Taking it further boxes on related books film adaptations and websites Pause for thought boxes to get you thinking more widely about the text Task boxes to test yourself on transformation analysis research and comparison activities Top 10 quotes PLUS FREE REVISION RESOURCES at www.philipallan.co.uk
