You Are A Warrior:

Warrior Up Eric Carbaugh, 2020-02-20 Warrior Up is written to speak to an innate warrior nature that many are born with. This nature has a tendency to be beaten down or lessened over years of life's experiences. When life gets hard, finding and living by the creed that runs through the blood of all warriors past, present, and future is what takes a person to a new level of living. This creed begins to shape the very thoughts, speech, and action of a person for the good. This ancient call, when unlocked, ignites a fire that changes the world around a warrior, which then impacts those around us. **Daily Warrior** Kim Alfreds, 2014-07-04 Daily Warrior is made up of 365 inspirational daily entries, one for every day of the year. Whether you are facing indecision, frustration, or adversity, Daily Warrior has something to raise you up and remind you of your own strength and potential. It will help you to realize that you are true warriors. Whether you read an entry every morning, every night, or simply at some point in between when you're struggling within these pages, you will find the encouragement to overcome whatever ails you, confronts you, or drags you down. **Workplace Warrior** Jordan Goldrich, 2019-10-01 Are you a leader who has been called abrasive, aggressive, or even a bully? This book is written for rather than about you. You have probably noticed that many, if not most, authors and speakers who deal with this subject refer to leaders like you with demeaning names because they think you need to be more respectful. Jordan Goldrich challenges this irony or perhaps hypocrisy by recognizing that in reality, you possess a warrior spirit that is crucial to the success of organizations in our current VUCA environment: volatility, uncertainty, complexity, and ambiguity. Goldrich acknowledges that just like himself, these leaders are imperfect human beings whose leadership or communication styles can sometimes create a negative impact. But he also acknowledges an important truth: that they bring unique value to the workplace and to society. His challenge to you in this book is to become a better leader by measuring yourself against the greatest warriors on the planet: the Navy SEALs, the Green Berets, and the rest of the special operations community, because you have something in common with them. Like you, these heroes have an uncommon desire to succeed, are committed to taking charge, and are focused on accomplishing the mission. In addition, they commit to humbly serve and to place the welfare and security of others before their own. Goldrich shows you how to do the same. Some of the author's advice revolves around the clever use of the phrase "The Least You Can Do." If you are interested in doing the least you can do to be both authentic and protect yourself in a politically correct, over-protective world, you will find what you need in Workplace Warrior. If, on the other hand, you want to do the least you can do in the sense that it is the right thing to do, you will find resources to authentically take your leadership to a higher level. Human resources executives, executive coaches, and people who work with and for leaders labeled as abrasive or bullies will find a unique perspective on these leaders' motivations and mindsets and will then be able to do their part in building collaborative relationships with their colleagues. *The Warrior and the Wolf* Rich Hungerford, 2021-05-28 There is an arduous path that warriors walk, no matter where they live in the world.
