You Were Mine Abbi Glines:

You Were Mine Abbi Glines, 2014-12-02 Gossip is the ultimate currency in Rosemary Beach but Bethy and Tripp have managed to keep one big secret to themselves Eight years ago Tripp Newark was dating a rich girl he didn't like and was on his way to Yale and a future he didn't want The only way he could escape his predictable life would be to give up the money and power that came with his family's name And that's exactly what he planned to do At the end of the summer he was going to ride off on his Harley and never look back That was before he met Beth Lowry It was only supposed to be a summer fling She was a sixteen year old trailer park girl who served drinks to his friends at Kerrington Country Club They didn't run in the same social circles No one even knew they were friends let alone lovers Yet for one summer Bethy became his entire world But he couldn't give up on his plan He needed to leave Rosemary Beach but he vowed he would come back for her Problem was by the time he came back years later than promised it was too late His cousin Jace had already claimed the woman he loved

Prequels, Coquels and Sequels in Contemporary Anglophone Fiction Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more You Were
