Zanzibar Uhuru Revolution Two Women And The Challenge Of Survival:

Zanzibar Uhuru Anne M. Chappel, 2015-01-07 It is 1964 a month after independence celebrations in the spice islands of Zanzibar off the east coast of Africa A brutal uprising takes place apparently led by a shadowy figure John Okello In the capital Stone Town a British official Mark Hamilton struggles to help the Sultan s government survive while protecting his young family In the countryside Ahmed al Ibrahim a Zanzibari Arab father faces annihilation and a terrible decision Fatima is his twelve year old daughter and her life is changed forever by the violence that now sweeps across the islands Fatima s survival through this chaos and the thirty years of rule by despotic Presidents takes all her courage and the kindness of other families Elizabeth Mark Hamilton s young daughter also remembers the day of the Revolution and their escape across the seas Her story too is touched by tragedy Fatima and Elizabeth are connected in a way that takes almost fifty years to be revealed Elizabeth will return to Zanzibar to fulfil her father s final request The life journeys of the two women are different The common link is the day of the Revolution and the act of a desperate man **Zanzibar Was a Country** Nathaniel

Mathews, 2024-04-09 Zanzibar Was a Country traces the history of a Swahili speaking Arab diaspora from East Africa to Oman In Oman today whole communities in Muscat speak Swahili have recent East African roots and practice forms of sociality associated with the urban culture of the Swahili coast These Omani Zanzibaris offer the most significant contemporary example in the Gulf as well as in the wider Indian Ocean region of an Afro Arab community that maintains a living connection to Africa in a diasporic setting While they come from all over East Africa a large number are postrevolution exiles and emigr s from Zanzibar Their stories provide a framework for the broader transregional entanglements of decolonization in Africa and the Arabian Gulf Using both vernacular historiography and life histories of men and women from the community Nathaniel Mathews argues that the traumatic memories of the Zanzibar Revolution of 1964 are important to nation building on both sides of the Indian Ocean **A Motorcycle on Hell Run** Seth M. Markle, 2017-08-01 Between 1964 and 1974 Tanzania came to be regarded as a model nation and a leading frontline state in the struggle for African liberation on the continent and beyond During this time a number of African American and Caribbean nationalists leftists and pan

Africanists traveled to and settled in Tanzania to join the country that many believed to be leading Africa s liberation struggle This historical study examines the political landscape of that crucial moment when African American Caribbean and Tanzanian histories overlapped shedding light on the challenges of creating a new nation and the nature of African American and Caribbean participation in Tanzania s nationalist project In examining the pragmatic partnerships and exchanges between socialist Tanzania and activists and organizations associated with the Black Power movements in the United States and the Caribbean this study argues that the Tanzanian one party government actively engaged with the diaspora and sought to utilize its political cultural labor and intellectual capital to further its national building agenda but on its own terms creating tension within the pan Africanism movement An excellent resource for academics and nonacademics alike this work

is the first of its kind revealing the significance of the radical political and social movements of Tanzania and what it means for us today *Revolution in Zanzibar* John Gideon Okello,2021-02-13 This book is about Field Marshal John Gideon Okello's life and role in the Zanzibar Revolution of 1964 It is a two in one book divided as follows Book One REVOLUTION IN ZANZIBAR is Okello's own account it was first published in 1967 Book Two OKELLO'S LAST YEARS Bosco Opiio researches and reports on Okello's life and death after he was forced out of Zanzibar in 1964 **Zanzibar** Helen-Louise Hunter,

Social Memory, Silenced Voices, and Political Struggle Cunningham Bissell,Marie-Aude Fouere,2018-04-24 This volume focuses on the cultural memory and mediation of the 1964 Zanzibar revolution analyzing its continuing reverberations in everyday life The revolution constructed new conceptions of community and identity race and cultural belonging as well as instituting different ideals of nationhood citizenship sovereignty As the commemoration of the 50th anniversary of the revolution revealed the official versions of events have shifted significantly over time and the legacy of the uprising is still deeply contested In these debates the question of Zanzibari identity remains very much at stake Who exactly belongs in the islands and what historical processes brought them there What are the boundaries of the nation and who can claim to be an essential part of this imagined and embodied community Political belonging and power are closely intertwined with these issues of identity and history raising intense debates and divisions over precisely where Zanzibar should be situated within the national order of things in a postcolonial and interconnected world Attending to narratives that have been overlooked ignored or relegated to the margins the authors of these essays do not seek to simply define the revolution or to establish its ultimate meaning Instead they seek to explore the continuing echoes and traces of the revolution fifty years on reflected in memories media and monuments Inspired by interdisciplinary perspectives from anthropology history cultural studies and geography these essays foreground critical debates about the revolution often conducted sotto voce and located well off the official stage attending to long silenced questions submerged doubts rumors and secrets or things that cannot be said *Revolution In Zanzibar* Donald Petterson,2009-04-21 The Cold War exploded in Zanzibar in 1964 when African rebels slaughtered one of every ten Arabs Led by a strange messianic Ugandan Cuban trained factions headed the rebels making Zanzibar in the eyes of Washington a potentially cancerous base for the communist subversion of mainland Africa Exotic Zanzibar fabled island of spices former slave trading entrepôt and stepping off point for 19th century expeditions into the vast interior of the Dark Continent had succumbed to the terror of 20th century revolution and Cold War intrigue In the vivid eyewitness tradition of *The Bang Bang Club* and *The Skull beneath the Skin* Donald Petterson weaves an engrossing tale of human drama played out against a background of violence and horror As the only American in Zanzibar throughout the revolution Petterson reports with the inside authority of a highly placed diplomatic observer illuminating how the current troubles in Zanzibar are rooted in the Cold War and the revolution of 1964 *Zanzibar*,1965 **Language and Collective Mobilization** Nadra O. Hashim,2009-06-16 *Language and Collective Mobilization* analyzes the origins of communal conflict

in five phases of Zanzibar's modern history. The first phase examines the implementation of British colonial control focusing on the conversion of Zanzibar's subsistence farming economy to a cash crop plantation complex. This first phase of colonial rule disrupted a variety of indigenous political and social institutions which traditionally promoted peace and stability. During subsequent phases of colonial rule, the British government devised political, economic, and educational policies that promoted elite Arab rule at the expense of the majority Swahili-speaking population. Colonial authorities rendered illegal any attempts by Swahilis to organize political resistance, a rule which exacerbated anti-Arab animosity. Colonial rule ended in 1964 when Swahili-speaking Zanzibaris led a violent revolution against English command and Arab control. Having forced a variety of wealthy Arab and Indian communities off the island, Swahili revolutionaries allowed a small number of Indian merchants and a few Shirazi farmers to remain. Less than twenty years after the revolution, in this fifth phase of Zanzibar's political history, partisan conflict between the Shirazi and Swahili populations threatens to unleash a new rash of violence. The social climate mirrors the first phase of British rule where economic stratification deepens and political tensions grow. The analysis offered in this book will find an audience in students, scholars, journalists, and policymakers interested in understanding so-called ethnic conflict in Africa.

The Zanzibar Revolution and Its Aftermath Anthony Clayton, 1981 *The Zanzibar Revolution*, 1965 Zanzibar Revolution Austin Mullins, 2013-03 This thesis examines how it was possible that within a month after the end of British colonialism, 1890-1963, Zanzibar's new regime faced a coup d'état which was successful. The main research question is to ask why the colonial partnership of the ruling landowners and the economically dominant merchants failed. In order to answer these questions, I will use the key concepts Antonio Gramsci used in understanding historically shifting political partnerships; however, I will do so in a way that may not be consistent with his historical materialist framework as I focus on the formation of racial group identities as well as more Gramscian focus on class struggles. The evidence I will be using to support my arguments will be secondary historical materials, though I will use some primary source materials. *Back Cover*, Fifty Years of Zanzibar Revolution, 2012 **Imperialism and Revolution in Zanzibar** Amrit Wilson, 2012-11-01 This book traces how the Umma Party emerged from anti-colonial mobilisations to confront the rulers to whom the British had transferred power at independence and how it evolved strategies for unity in the face of an ethnically divided Zanzibar. *Miami University, 1809-2009* Curtis W. Ellison, 2009 Special bicentennial book celebrating the school's history.
