New World Extra Joe David Bellamy,2009-05-21 I probably should have called it What Is Colin Farrell Really Like This is the story of my summer gig working as an extra in the film The New World which was Terrence Malick s dramatic re creation of the Jamestown experience and the life of Pocahontas released in 2006 by New Line Cinema I saw a story in the newspaper about auditions I had very little acting experience but I had had ancestors at Jamestown in the 1600s and was writing a book about some of them So I thought it might help me to feel the ambience of Jamestown if I was lucky enough to make the cut In the first scene on the first day I had to perform next to Colin Farrell and Christopher Plummer Everyone seemed to think I should know what to do Overall I think the book will give readers a new appreciation of the talent hard work and sheer craziness that go into the making of a big budget Hollywood film Reynolds Price said I loved your account of the stint in The New World The whole piece is appropriately a hoot The Journal of Social Forces ,1922 Soviet Life ,1980

Postsocialist Memory in Contemporary German Culture Michel Mallet,Maria Mayr,Kristin Rebien,2024-08-05 Scholarship on Eastern Europe after 1989 often focuses narrowly on the socialist past as authoritarian dictatorial or totalitarian This collection by contrast illuminates an additional dimension of post socialist memory it traces the survival of hopes and dreams born under socialism and the legacy of the unrealized alternative futures embedded within the socialist past Looking at contemporary German language literature film theater and art the volume analyzes reflections on everyday socialist realities as well as narratives of opposition and dissent The texts discussed here not only revisit the past but also challenge the present and help us imagine alternative futures Rather than framing the unrealized futures envisioned in the pre 1989 era as failures this collection probes post socialist memory for its future oriented potential to rethink issues of community equity and equality and late stage capitalism Foregrounding the complexities of Eastern European legacies also helps us reimagine the relationship between East and West both in Germany and in Europe as a whole
