From the Foreword In a very short stretch of years the Judaic Studies Program at the University of California San Diego has developed into one of the most important centers for teaching and research in biblical studies in ancient Near Eastern and biblical archaeology and more generally in Judaic studies The program now rivals far older centers of study in these fields in eastern research universities I have been an admirer of the program for some years proud of former students of mine whose energy and foresight have contributed to the developments in La Jolla including the establishment of endowed chairs that guarantee the future of this center and its program This collection of essays honoring the Judaic Studies Program and its faculty is a testimony to the fecundity of the program in producing scholars whose essays dominate the collection Several essays come from other scholars whose home base is in the West and who have engaged in colloquia and common pursuits with the San Diego faculty There are sections on Genesis poetry and prophecy narrative and history lexicon archaeology and not least paleography

Frank Moore Cross Harvard University **Proceedings of the ... Convention of the Evangelical Lutheran Synod of West Pennsylvania** United Lutheran Church in America. West Pennsylvania Synod, 1901 **Retreat from Gettysburg** Kent Masterson Brown, 2005 Recounts the Army of Northern Virginia's retreat from Gettysburg in July 1863 in a groundbreaking comprehensive history that chronicles the desperate efforts of Lee and his officers to move people equipment and supplies through enemy territory *Foreigners in Their Own Land* Steven M. Nolt, 2002 Historians of the early Republic are just beginning to tell the stories of the period's ethnic minorities In *Foreigners in Their Own Land* Steven M Nolt is the first to add the story of the Pennsylvania Germans to that larger mosaic showing how they came to think of themselves as quintessential Americans and simultaneously constructed a durable sense of ethnicity The Lutheran and Reformed Pennsylvania German populations of eastern Pennsylvania Maryland and the Appalachian backcountry successfully combined elements of their Old World tradition with several emerging versions of national identity Many took up democratic

populist rhetoric to defend local cultural particularity and ethnic separatism Others wedded certain American notions of reform and national purpose to Continental traditions of clerical authority and idealized German virtues Their experience illustrates how creating and defending an ethnic identity can itself be a way of becoming American Though they would maintain a remarkably stable and identifiable subculture well into the twentieth century Pennsylvania Germans were even by the eve of the Civil War the most inside of outsiders They represent the complex and often paradoxical ways in which many Americans have managed the process of assimilation to their own advantage Given their pioneering role in that process their story illuminates the path that other immigrants and ethnic Americans would travel in the decades to follow
