

Exercise 2. Exercise Assignment 2.2.20 points possible

These assignments focus on the following skills and concepts: importance of legal reasoning, legal research, and analysis. For this assignment you will read the article cited and answer the related questions listed below.

Assignment Questions

1. You must complete all work individually.
2. Submit your written responses to all questions using the standard article legal answer identification and question number. Your written responses should include complete citation and answer information that is easy to review and well organized.
3. Answer questions. Make sure all citation information is complete (including page) from the article that contains the case information and answers. I am not looking for a list of relevant points, rather a demonstration of your understanding of the case, your own analysis of the case. Make sure you will be able to identify the issue of your answer better than the question of the case.
