notably South and Southeast Asia and Europe were also participants impacted by these transpacific linkages The goal is to convey the complexity of entangled networks of commercial political and religious interests that complicate the Spanish enterprise in the Pacific Commercial ventures into Canton and Manila by the early American republic for example overlapped with and later replaced the Spanish galleons East South and Southeast Asian polities and dynasties remained powerful players in what were often multilateral rather than bilateral exchanges Contributors to this volume are based in Asia the Americas and Europe [The Search-light](#) ,1905 *Sharing the Common Pool* Charles R.
