A Christian Response to Horror Cinema Peter Fraser, 2015-04-29 Christianity has had a powerful influence on every sphere of Western art even art which on the surface might seem antithetical to the faith This book argues that point with an analysis of the horror film genre examining nine classics which illustrate the evolution of horror and reveal a culture haunted by fear of the unspeakable The history and literary roots of the horror genre are also discussed The author concludes that our innate dread of evil and the imperative of warding it off are the key mechanics of the horror experience Films covered include Vampyr 1932 The Mummy 1932 The Thing 1951 Night of the Demon 1957 The Wicker Man 1973 The Exorcist 1973 Halloween 1978 Ringu 1998 and Pan's Labyrinth 2006

Spanish Central America Murdo J. MacLeod, 2008 The seventeenth century has been characterized as Latin America s forgotten century This landmark work originally published in 1973 attempted to fill the vacuum in knowledge by providing an account of the first great colonial cycle in Spanish Central America The colonial Spanish society of the sixteenth century was very different from that described in the eighteenth century What happened in the Latin American colonies between the first conquests the seizure of long accumulated Indian wealth the first silver booms and the period of modern raw material supply How did Latin America move from one stage to the other What were these intermediate economic stages and what effect did they have on the peoples living in Latin America These questions continue to resonate in Latin American studies today making this updated edition of Murdo J MacLeod s original work more relevant than ever Colonial Central America was a large populous and always strategically significant stretch of land With the Yucatán it was home of the Maya one of the great pre Columbian cultures MacLeod examines the long term process it underwent of relative prosperity depression and then recovery citing comparative sources on Europe to

describe Central America's great economic demographic and social cycles. With an updated historiographical and bibliographical introduction, this fascinating study should appeal to historians, anthropologists, and all who are interested in the colonial experience of Latin America.

A Christian Peace Experiment Ian M. Randall, 2018-03-14. This book examines part of the development of the Bruderhof community, which emerged in Germany in 1920. Community members sought to model their life on the New Testament. This included sharing goods. The community became part of the Hutterite movement, with its origins in sixteenth-century Anabaptism. After the rise to power of the Nazi regime, the Bruderhof became a target, and the community was forcibly dissolved. Members who escaped from Germany and travelled to England were welcomed as refugees from persecution, and a community was established in the Cotswolds. In the period 1933 to 1942, when the Bruderhof's witness was advancing in Britain, its members were in touch with many individuals and movements. This book covers the Bruderhof's connections with, among others, the Fellowship of Reconciliation, Dietrich Bonhoeffer, the Peace Pledge Union, the social work of Muriel and Doris Lester in East London, Jewish refugee groups, and artistic pioneers like Eric Gill. As significant numbers of British people joined the Bruderhof, its farming, publishing, and arts and crafts activities extended considerably. But with the outbreak of the Second World War, German members came to be regarded with suspicion, and British members became unpopular locally because they were pacifists. Although the Bruderhof was defended in Parliament, notably by Lady Astor, it seemed that German members would be

interned as enemy aliens The consequence was that by 1942 over 300 community members had left England With Mennonite assistance they began to forge a new life in South America This book traces a remarkable Christian peace experiment being undertaken in a time of great political upheaval **Code of Federal Regulations** ,1972 Special edition of the Federal
