Stand Still Like The Hummingbird:

Stand Still Like the Hummingbird Henry Miller, 2014-06-10 One of Henry Miller's most luminous statements of his personal philosophy of life *Stand Still Like the Hummingbird* provides a symbolic title for this collection of stories and essays. Many of them have appeared only in foreign magazines while others were printed in small limited editions which have gone out of print. Miller's genius for comedy is at its best in *Money and How It Gets That Way* a tongue in cheek parody of economics provoked by a postcard from Ezra Pound which asked if he ever thought about money. His deep concern for the role of the artist in society appears in *An Open Letter to All* and *Sundry* and in *The Angel is My Watermark* he writes of his own passionate love affair with painting. *The Immorality of Morality* is an eloquent discussion of censorship. Some of the stories such as *First Love* are autobiographical and there are portraits of friends such as Patchen, Man of Anger and Light and essays on other writers such as Walt Whitman, Thoreau, Sherwood Anderson and Ionesco. Taken together these highly readable pieces reflect the incredible vitality and variety of interests of the writer who extended the frontiers of modern literature with *Tropic of Cancer* and other great books. **Stand Still Like the Hummingbird** Henry Miller, 1962

Collection of stories and essays *Into the Heart of Life* Henry Miller, 2014-08-30 In celebration of the centennial of his birth *Into the Heart of Life* Henry Miller at One Hundred gathers a captivating selection of writings from ten of his books. The delights of his prose are many not the least of which is Miller's comic irony which as *The London Times* noted can be as stringent and urgent as Swift's. Frederick Turner has organized the whole to highlight the autobiographical chronology of Miller's life and along the way places the author squarely where he belongs in the great tradition of American radical individualism as a child of Emerson, Thoreau and Whitman. Miller who joyously declared I am interested like God only in the individual would have been pleased. The keynotes here are self liberation and the pleasures of Miller's knotty cross grained genius as Turner describes it defying classification ultimately unamenable to any vision any program not his own. Or as Henry Miller himself put it I am the hero and the book is myself. **Roots and Routes: Poetics at New College of California**

Patrick James Dunagan, Marina Lazzara, Nicholas James Whittington, 2020-10-06 *Roots and Routes* gathers essays, talks, interviews, statements, notes and other prose writings by poets who studied and/or taught at the New College of California's Masters in Poetics program over the course of its nearly 30 year existence. The collection evokes a much needed anti hierarchical even anarchic pedagogy in poetry, poetics and the literary arts and is part of a general reevaluation of standard higher education models on Creative Writing. As such it will appeal to a wide range of students and scholars interested in America's recent literary history as well as to poets outside the academy and the general reader interested in US poetry and poetics. *The Mindful Traveler* Jim D. Currie, Jim Currie, 2000 Currie helps the reader structure journal writing around eight Buddhist archetypes that offer specific skills for problem solving and spiritual progress. Miller John Burnside, 2018-03-27 An engaging invitation to rediscover Henry Miller and to learn how his anarchist sensibility can help us escape the air conditioned nightmare of the modern world The American writer Henry Miller's critical reputation if not his popular readership has been in eclipse at least since Kate Millett's blistering critique in *Sexual Politics* her landmark 1970 study of misogyny in literature and art Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's sex books including *The Rosy Crucifixion* *Tropic of Cancer* and *Tropic of Capricorn* boring and embarrassing But Burnside says that Miller's notorious image as a pornographer and woman hater has hidden his vital true importance his anarchist sensibility and the way it shows us how by fleeing from conformity of all kinds we may be able to save ourselves from the air conditioned nightmare of the modern world Miller wrote that there is no salvation in becoming adapted to a world which is crazy and in this short engaging and personal book Burnside shows how Miller teaches us to become less adapted to the world to resist a life sentence to the prison of social intellectual emotional and material conditioning Exploring the full range of Miller's work and giving special attention to *The Air Conditioned Nightmare* and *The Colossus of Maroussi* Burnside shows how with humor and wisdom Miller illuminates the misunderstood tradition of anarchist thought Along the way Burnside reflects on Rimbaud's enormous influence on Miller as well as on how Rimbaud and Miller have influenced his own writing An unconventional and appealing account of an unjustly neglected writer On Henry Miller restores to us a figure whose searing criticism of the modern world has never been more relevant

No Fear Zen Richard Collins, 2015-05-18 *No Fear Zen* presents an approach to Zen practice that focuses on concentration and sitting shikantaza as a discipline that can be practiced in everyday life with the dedication of the samurai And in a world that requires bravery and decisive action in addition to generosity and compassion we can learn much from the now extinct samurai in creating a new kind of warrior for peace in the twenty first century While some practices focus on compassion and mindfulness as the goals of Zen practice *No Fear Zen* contends that these are outcomes that occur naturally spontaneously and automatically from right practice without any goal or object whatsoever In this way *No Fear Zen* is the sequel to the author's edition of Deshimaru's *Mushotoku Mind* which encouraged practice for one purpose only the purpose of no purpose the gain of no gain the profit of no profit The brief Zen talks that constitute the core of the book continue the tradition of spontaneous oral teachings delivered by the teacher or roshi during zazen The collection might remind some of the classic *Zen Mind Beginner's Mind* since the talks can serve either as an introduction to those beginning practice or as a manual for those interested in a structured approach to Zen practice The tone of the talks ranges from humorous and informal to penetrating and philosophical with references to day to day issues we all face as well as to works of literature For example several essays instruct in how to sit how to manage mind and emotions while others roam into difficult arenas like the author's experience in bringing zazen instruction to those incarcerated in a federal penitentiary As a professor of arts and humanities Dr Collins uses great literature like Shakespeare's *Hamlet* to demonstrate his case for fearless action uncomplicated by over thinking The collection ends with a sustained

commentary on the twenty one deathbed teachings of the samurai Miyamoto Musashi to his student Terao Magonojo This provides a suitable conclusion to the work which has focused on concentration and discipline for their own sake with the result of dispelling fear of death and fear of life As the author s teacher Robert Livingston always said coming to zazen was like climbing into your coffin but after zazen there was no fear
