this life we need to have a vision a goal When we are aware of our ancestors and our cultural heritage we have a starting point a real sense of where our lives began We came to this country by our own will with a rich culture from India We struggled but worked hard with endless determination to be financially secure in this new country We overcame many challenges and obstacles After forty four years of living in this wonderful country and having two generations of our family growing up here I now realize that our children are not fully aware of the vast richness and glorious heritage of our ancestors I believe that my generation is the only living link between our past in India and our future in the United States It becomes my duty to collect all the information I can so that I can share it with my children Please join me in this autobiography where I share my life's struggles successes and secrets throughout my personal and financial life I hope this inspires my children grandchildren and future members of our family to dream bigger and achieve great things in their lives *One Hundred Easy Scripture Lessons from the Gospels ...
