Norden,1994 Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity awe humor or fearas Others who somehow deserve to be isolated from the rest of society In this first history of the portrayal of physical disability in the movies Martin Norden examines hundreds of Hollywood movies and notable international ones finds their place within mainstream society and uncovers the movie industry s practices for maintaining the status quokeeping people with disabilities dependent and in their place Norden offers a dazzling array of physically disabled characters who embody or

break out of the stereotypes that have both influenced and been symptomatic of society's fluctuating relationship with its physically disabled minority. He shows us sweet innocents like Tiny Tim, obsessive avengers like Quasimodo, variations on the disabled veteran, and many others. He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s and underscores movies like *My Left Foot* and *The Waterdance* that display a newfound sensitivity. Nordens in-depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long overlooked issue in media studies.

A Good Boy Tomorrow Charles Gidley Wheeler, 2007-06 First published in 1907. Father and Son recounted Edmund Gosse's fundamentalist upbringing in the Plymouth Brethren. A hundred years on, *A Good Boy Tomorrow* tells a similar story. Wheeler grew up in the idyllic surroundings of the Lake District of northern England. But when he was eight years old, his father returned from war service and the family moved south to their cramped home in north London. There they joined an assembly of saints of the Open Brethren and so began eight years of a strict evangelical upbringing. Sexually assaulted by an older boy at sea, scouts forbidden to write to his childhood sweetheart, and subtly pressurized into conversion, Charles twice came close to making his escape: first by running away to the Shetland Islands and later wracked by guilt over making a false conversion by using his father's service revolver. His escape was finally achieved when he joined the Royal Navy at the age of sixteen, but his conversion to Catholicism and marriage to a Roman Catholic caused a tragic family schism, and it was not until long after his father's death that he was at last able to find intellectual equilibrium in Spinoza's concept that we are all one.
