Evidence for Evolution

Each station presents a different form of evidence we have gathered that supports Darwin's theory of natural selection and evolution. Read the information provided and respond to the questions below.

Station 1: Fossil Record

1. What is meant by a "hole" in the fossil record?
2. Darwin described evolution as "descent with modification." Based on the diagrams shown, how does the fossil record support this theory? Use evidence to support your claim.

Station 2: Analogous Structures

1. How do analogous structures provide evidence for evolution?
2. Using the information at this station, propose an explanation for why the three unrelated species look so similar.

Station 3: Vestigial Structures

1. Why would we have structures in our body that are not useful?
