End of Life in Care Homes Jeanne Samson Katz,Sheila M. Peace,2003-04-03 In our society the overwhelming majority of people die in later life They typically die slowly of chronic diseases with multiple co existing problems over long periods of time They spend the majority of their final years at home but many will die in hospitals or care homes This book explores the possibilities for improving the care of older people dying in residential care and nursing homes It argues that there are aspects of palliative care that given the right circumstances are transferable to dying people in settings that are not domestic or hospice based End of Life in Care Homes describes what happens in nursing and residential care homes when a resident is dying how carers cope and the practical health and emotional challenges that carers face on top of their day to day work Based on detailed research from both the UK and US the book shows how the situation can be improved
