The Digital Environment Pablo J. Boczkowski,Eugenia Mitchelstein,2021-08-17 Understanding digital technology in
daily life why we should think holistically in terms of a digital environment instead of discrete devices and apps Increasingly
we live through our personal screens we work play socialize and learn digitally The shift to remote everything during the
pandemic was another step in a decades long march toward the digitization of everyday life made possible by innovations in
media information and communication technology In *The Digital Environment* Pablo Boczkowski and Eugenia Mitchelstein
offer a new way to understand the role of the digital in our daily lives calling on us to turn our attention from our discrete
devices and apps to the array of artifacts and practices that make up the digital environment that envelops every aspect of
our social experience Boczkowski and Mitchelstein explore a series of issues raised by the digital takeover of everyday life
drawing on interviews with a variety of experts They show how existing inequities of gender race ethnicity education and
class are baked into the design and deployment of technology and describe emancipatory practices that counter this
including the use of Twitter as a platform for activism through such hashtags as BlackLivesMatter and MeToo They discuss
the digitization of parenting schooling and dating noting among other things that today we can both begin and end
relationships online They describe how digital media shape our consumption of sports entertainment and news and consider

the dynamics of political campaigns disinformation and social activism Finally they report on developments in three areas that will be key to our digital future data science virtual reality and space exploration Handbook of Improving Performance in the Workplace, Instructional Design and Training Delivery Kenneth H.
